DEFAULT AND RE-ENTRY (TO BE USED IN ALL STATES EXCEPT PENNSYLVANIA) 2. If default shall be made in Lessee's covenants herein to pay rent or additional rents, or if default shall be made in any other covenants and agreements herein contained on the part of Lessee to be kept or performed, and if any such default shall not be cured within thirty (30) days after Lessee has been given written notice by Lessor to do so, or if the demised premises shall not be used by Lessee for the purposes herein authorized for a period of more than thirty (30) days, or if the demised premises should at any time be used for purposes other than as herein permitted, or if Lessee shall file or suffer to be filed against it a petition in bankruptcy, or if Lessee shall be declared bankrupt or insolvent according to law, or if a receiver or trustee be appointed for the property of Lessee, or if Lessee shall make a general assignment for the benefit of creditors, then, in any of such cases, Lessor may by written notice to Lessee immediately declare this lease terminated, and in such event, in addition to any other action or remedy which Lessor may have at law or in equity to recover damages or otherwise by reason of a breach by Lessee of provisions of this lease, Lessor shall have the right to remove Lessee by summary proceedings and thereafter Lessor may re-enter upon and take possession of the demised premises and every part thereof, either by force or otherwise, without being liable to any prosecution, action or damages therefor and have and enjoy the demised premises as of its former estate free, clear and discharged of this lease and of all rights of Lessee hereunder; and all buildings, structures, improvements, materials and personal property owned, erected or placed upon the demised premises by Lessee shall thereupon be and become the property of Lessor and may be sold or retained by Lessor or may be removed or demolished by Lessor at the sole cost and expense of Lessee, which cost and expense Lessee shall pay to Lessor upon demand; and Lessee also shall pay to Lessor upon demand all fees and expenses, including reasonable attorney's fees, incurred in connection with and in obtaining possession of the demised premises as aforesaid.

Upon termination of this lease by Lessor under the provisions of the foregoing paragraph, the whole rent for the remainder of the term of this lease, or for the remainder of any continued term hereof, shall be due and payable forthwith and Lessor may proceed according to law to collect the same and may re-let the demised premises and receive and retain the rent therefor and Lessee shall pay to Lessor any deficiency between the rents hereby reserved, including additional rents, and the rents collected for each month of the period which would otherwise have constituted the balance of the term of this lease or of any continued term hereof.

Lessee hereby waives and relinquishes unto and in favor of Lessor the operation of all laws which do now or hereafter may exempt any property on the demised premises or any property in any way belonging to Lessee, whether on the demised premises or elsewhere, from levy and sale upon distress for rent or upon execution of any judgment obtained in an action brought for nonpayment of any rent or additional rents hereunder or for breach of any other provisions hereof. The parties hereto shall and do hereby waive trial by jury in any action, proceeding or counter-claim brought by either party against the other on any matter whatsoever arising out of or in any way connected with this lease or Lessee's use of and occupancy of the demised premises or arising out of or in any way connected with any claim of injury or damage arising out of or in connection with this lease or such use or occupancy. Lessee hereby expressly waives any and all rights of redemption granted by or under any present or future laws in the event of Lessee being evicted or dispossessed for any cause or in the event of Lessor obtaining possession of demised premises by reason of the violation by Lessee of any of the covenants and conditions of this lease or otherwise.

If Lessee does not pay rent or any additional rent hereunder on the day when the same shall become due and payable and such failure to pay rent or any additional rent shall continue for a period of thirty (30) days, Lessee shall pay to Lessor a service charge in the amount of six percent (6%) of the amount of such rent or any additional rent or all of them for each month or portion of a month that the same shall remain unpaid; provided, however, that such service charge shall, in no event, be less than Twenty-Five Dollars ($25.00) for any month or portion of a month that rent or any additional rent shall remain unpaid.

LESSEE TO MAINTAIN 3. Lessee has inspected and accepts the demised premises in their present condition and agrees that no representations or warranties with regard to condition, fitness for use or zoning of the demised premises have been made that are not specifically expressed herein; and further agrees, at Lessee's sole cost and expense, to put and keep the demised premises in constant good order, repair and safe condition, both inside and outside, structural or otherwise, including but not limited to yards or other open areas, fences, railings, sidewalks, driveways and curbs therein or thereon; and further agrees, upon the expiration or other termination of this lease, to peaceably quit and deliver possession of the demised premises to Lessor in like good order, repair and safe condition, reasonable wear and tear excepted.

LESSEE'S IMPROVEMENTS Lessee shall keep its buildings and improvements constructed or placed upon the demised premises, in good order, repair and safe condition, it being understood and agreed that all such buildings and all such improvements made by Lessee as are removable without damage to the demised premises are the personal property of Lessee and shall be removed by Lessee upon expiration or other termination of this lease, except as herein otherwise provided.

SIDEWALK Lessee shall also keep sidewalks on or abutting the demised premises in good order, repair and safe condition, unobstructed and free from snow and ice.

PURPOSE 4. Lessee shall not use or occupy the demised premises for any other purpose whatsoever than: As a site for a pumping station.

ASSIGNING, UNDERLETTING 5. Lessee shall not assign or transfer this lease in whole or in part, or sublet the demised premises or any part thereof, without the prior written consent of Lessor; and Lessee shall not mortgage or otherwise encumber or permit to be encumbered the term or any continued term hereof, or any part thereof, or any structures now or hereafter placed on the demised premises, without the prior written consent of Lessor, and written consent to assign or transfer this lease in whole or in part, or to sublet the whole or any part of the demised premises, or to mortgage or otherwise encumber the term or any continued term hereof, or any part thereof, or any structures now or hereafter placed on the demised premises, shall not be deemed as waiving this restriction except to the extent of Lessor's said written consent, or as giving assent to any other or further assignment, subletting, mortgaging or encumbrancing. Any assignment or transfer by merger, consolidation, operation of law or proceedings in equity, bankruptcy, insolvency or reorganization, or any transfer of a controlling interest of the stock of Lessee to persons not now in control, shall be deemed to be an assignment within the meaning of this provision.

RIGHT TO INSPECT, PLACE SIGNS, ETC. 6. Lessee shall permit Lessor or its authorized agents to enter the demised premises for the purpose of inspecting the same at any reasonable time or times during the term or any continued term of this lease. Lessee shall permit Lessor, during the period of ninety (90) days prior to the expiration or other termination of the term or any continued term hereof, to post in a conspicuous place on the demised premises the usual notices of "For Rent" or "For Sale," which shall not be obstructed or mutilated by Lessee or by anyone acting for Lessee or at Lessee's direction and to permit Lessor to show the demised premises to persons interested in leasing or purchasing the same; and Lessee will not, in either event, make demand on Lessor for refund or reduction of rent or additional rents.

ADVERTISING 7. No advertising shall be placed upon the demised premises except to advertise Lessee's own business. All such advertising must have the prior written consent of Lessor.

ORDINANCES 8. Lessee, at its sole cost and expense, shall comply with and obey all laws, ordinances, rules, regulations and requirements of all Federal, State, Municipal, County, Town, Village or other governmental authorities and the various departments thereof now existing or hereafter created, so far as the same may affect the demised premises or the neighboring streets, roadways, sidewalks, alleys, areas or yards, or the use thereof.

EXTRA HAZARDOUS USE 9. Lessee shall comply with all regulations, recommendations, rules and requirements of the local board of fire underwriters and any insurance company which insures or participates in insuring the demised premises and Lessee shall not knowingly permit any article to be brought upon or any act to be done upon or about the demised premises that will cause cancellation of any policy of insurance thereon or increase rates for such insurance beyond those usually charged for similar properties used for the purpose herein authorized.

Without limiting the generality of the foregoing, Lessee shall not use or keep gasoline in any form upon the demised premises, except such as may be in the tanks of automotive equipment, or bring upon, store or allow to be stored upon the demised premises any materials of a dangerous or highly flammable nature or of such nature as to cause an extra fire risk or hazard, unless otherwise specifically provided herein.

INDEMNIFICATION 10. Lessee will be responsible for and will indemnify, save harmless and defend Lessor against and from any and all claims and suits for, and any and all liability, loss or expense arising from or incidental to or in connection with, damage to or loss of property of Lessor, Lessee, or of agents, servants or employees of either, or of any other person, and against and from any and all claims and suits for, and any and all liability, loss or expense arising from or incidental to or in connection with, injury to or death of persons, including agents, servants, or employees of Lessor or of Lessee, or any other person (including Lessee if a natural person), which said damage, loss, injury or death shall arise in any manner, directly or indirectly, out of or incidental to or in connection with, this lease or the demised premises, or the use or occupation thereof, including any appurtenant sidewalks or driveways.

Lessee specifically agrees to relieve Lessor of any and all liability for damage to contents of the demised premises owned by or in the custody of Lessee, or improvements therein owned by Lessee, whether damaged by fire and extended coverage perils or other casualty.

~~**INSURANCE** 11. Said insurance shall be in limits of not less than $ bodily injury and $ property damage, and shall be in companies and form acceptable to Lessor.

Lessee, if requested by Lessor at any time or times, shall provide and maintain in effect during the term and any continued term hereof, fire and extended coverage insurance on any and all structures and improvements of Lessor on the demised premises, protecting Lessor in limits, companies and form acceptable to Lessor; and Lessee shall also provide and maintain in effect during the term and any continued term hereof, coverage against such other hazards as Lessor may from time to time require.

Policy or policies of fire, extended coverage or other insurance on property of Lessee or in Lessee's care and custody shall contain a waiver of subrogation against Lessor.

Lessee shall furnish to Lessor complete copies of all such insurance policies with evidence of payment of premiums therefor upon request of Lessor. All such policies shall be endorsed to provide not less than ten (10) days' notice to Lessor of any cancellation thereof and of any material change in coverage.

The providing of said insurance coverages shall not be deemed a limitation on the liability of Lessee as provided in this lease, but shall be additional security therefor.

PAYMENT IN LIEU OF INSURANCE 12. Lessee may in lieu of providing insurance herein required, pay to Lessor the annual sum of $, whereupon the first paragraph of Section 10 of this lease shall have no application insofar as Lessee's obligation to indemnify and defend Lessor is concerned. Notwithstanding anything herein to the contrary, however, payment of said annual sum shall not relieve Lessee of loss or damage for which Lessee is held liable, nor shall it waive in any way the conditions of the second paragraph of Section 10 of this lease or the third paragraph of Section 11 of this lease.

ALTERATIONS 13. Lessee shall not make any alterations, additions or improvements on or to the demised premises without the prior written consent of Lessor, and all alterations, additions or improvements which may be made by either Lessor or Lessee upon the demised premises, unless herein otherwise provided, and except the personal property of Lessee as defined in Section 3 of Lessee's covenants herein, shall be property of Lessor and shall remain upon and be surrendered with the demised premises as part thereof at expiration or other termination of this lease without disturbance, molestation or injury.

RESPONSIBILITY OF LESSEE TO ITS EMPLOYEES 14. Lessee, in the performance of any and all work by Lessee under the terms of this lease or otherwise, upon or adjacent to the demised premises, will furnish all labor and supervisory forces of every kind and Lessee shall employ, pay from Lessee's own funds and have the right to discharge all persons engaged in the performance of such work and all such persons shall be and remain the sole employees of Lessee and subject to Lessee's exclusive supervision, direction and control.

LIENS AND CHARGES 15. Lessee, within sixty (60) days after completion of any construction, alteration, repair or improvement in or upon the demised premises, shall furnish to Lessor a certified statement that all charges for labor and materials furnished have been paid, together with releases of liens.

The creation or imposition of any lien or charge upon the demised premises through acts or omissions of Lessee, its agents, contractors or sub-contractors, shall be deemed a default under the provisions of this lease.

In the event any such lien or charge shall not be paid or bonded by Lessee within fifteen (15) days after the lien or charge accrues, Lessor shall have the right to pay such lien or charge and Lessee shall repay the cost to Lessor, as additional rent hereunder, with interest at six percent (6%) per annum from the date of payment by Lessor, promptly upon rendition of bill therefor. Nothing in this paragraph or in any other paragraph of this lease shall be construed as authority to Lessee to create any lien on the Lessor's interest in the demised premises.

UTILITIES 16. Lessee, at its sole cost and expense, shall arrange for and obtain necessary heat, water, electricity and other utility services required for its use. In the event it is impossible or impracticable to secure any of such services other than through facilities owned by Lessor, Lessee shall install at its expense necessary connections, supply lines and (where permitted by law) meters to measure Lessee's consumption of such services and shall pay to Lessor upon demand, as additional rent, any costs incurred by Lessor for any such installation and, further, shall pay for such services, upon demand, as additional rent, at reasonable rates as determined by Lessor. Lessor shall not be liable for any temporary suspension of any such services.

IT IS HEREBY MUTUALLY COVENANTED AND AGREED THAT:

REMOVAL I. Upon the expiration of the term or any continued term hereof, or upon any other termination of this lease for reasons other than default on the part of Lessee, Lessee, at Lessee's sole cost and expense, shall remove from the demised premises any materials, buildings and structures, including foundations, not owned by Lessor, and all waste, rubbish and debris; fill in all holes and depressions; level off the surface of the land; and restore the demised premises to as good condition as they were in before such property was erected or placed thereon; and all such work of removal and restoration shall be completed on or before the expiration or other termination of this lease. Should Lessee fail, neglect or refuse to so remove such property and make the aforesaid restoration, then and in such event Lessor shall have the following rights, which are hereby expressly given it, viz.: to remove such property and to make the aforesaid restoration, all at the expense of Lessee, which expense Lessee hereby expressly agrees to pay promptly upon demand, or to sell any of such property and retain the proceeds of such sale and to deliver such property to the purchaser or purchasers thereof free and clear of any right, title or interest therein of Lessee or of any person or corporation claiming through or under Lessee and without any liability whatsoever to Lessee or to any other person or corporation; or, if Lessor so elects, in lieu of such sale or removal of any of such property, Lessor may retain and use the same for any purpose whatsoever free and clear of any right, title or interest therein of Lessee or of any person or corporation claiming through or under Lessee and without any liability whatsoever to Lessee or to any other person or corporation.

FIRE AND DAMAGE II. In case any building of Lessor on the demised premises shall be partially damaged by fire or any other casualty but not rendered untenantable thereby, the same shall be repaired by Lessee promptly upon receiving Lessor's approval of estimated costs furnished by Lessee for restoration of the demised premises to their former condition; and Lessor will reimburse Lessee to the extent of any insurance proceeds received by Lessor but not, however, to exceed the cost to Lessee of the repairs as made.

In case any such damage shall be so extensive as to completely destroy such building or render it untenantable and the demised premises without the use of such building are substantially useless to Lessee, then the rent shall be apportioned up to the time of such damage and such building shall be rebuilt or put in repair by Lessor, but Lessor may elect not to rebuild or repair such building and may retain all insurance proceeds; and upon being notified by Lessor that Lessor elects not to rebuild or repair, Lessee shall have the option to surrender this lease and thereupon this lease shall cease, terminate and come to an end. If Lessor elects to rebuild or repair such building, Lessee shall be under no obligation to pay rent until such time as rebuilding or repairing is completed to an extent making such building tenantable.

The provisions of the foregoing two (2) paragraphs of this Section II shall be operative only if such damage or destruction was not caused by carelessness, negligence or improper conduct of Lessee or of agents, servants or employees of Lessee. If such damage or destruction is caused by carelessness, negligence or improper conduct of Lessee or of agents, servants or employees of Lessee, this lease shall continue in full force and effect and Lessee shall continue to pay the rent reserved without diminution, reduction or abatement and Lessee shall have no option to surrender this lease. In such case Lessee shall promptly repair or rebuild such building and restore the demised premises to their former condition, but Lessor will reimburse Lessee to the extent of proceeds received by Lessor from insurance paid for by Lessee, but not to exceed the cost to Lessee of the repairs as made.

For purposes of this Section II, the word "building" shall be read in plural where there is more than one building on the demised premises and for purposes of this paragraph the word "building" shall be construed as including any and all improvements now or hereafter constructed or placed upon the demised premises by Lessor. If any improvements made by Lessee shall be damaged or destroyed by fire or other casualty, there shall be no abatement or diminution of rent or additional rents.

TERMINATION III. Lessor and Lessee shall have the right to terminate this lease at any time during the term or any continued term hereof by giving to Lessee or Lessor at least thirty (30) days' written notice of intention to terminate this lease and upon the date of termination specified in such notice this lease shall cease, terminate and come to an end. In the event of the expiration or termination of this lease, whether under the provisions of this Section III or otherwise, Lessee shall quit and deliver possession of the demised premises to Lessor on or before such date of expiration or termination.

TERMINATION IN EVENT OF CONDEMNATION IV. If the whole or any substantial part of the demised premises shall be acquired or condemned by eminent domain for any public or quasi-public use or purpose then in that event the term of this lease shall cease from the date of title vesting in such proceeding and Lessee shall have no claim for the value of any unexpired term of the lease.

HOLDOVER CLAUSE V. If Lessee, with consent of Lessor, holds over and remains in possession of demised premises after expiration of said term, this lease shall be considered as renewed, and shall continue in effect from month to month upon the same terms and conditions as are herein contained, until terminated by Lessor by giving to Lessee at least thirty (30) days' written notice of intention to terminate same, in the manner herein provided and with like effect. In case Lessee without written consent of Lessor vacates demised premises before expiration of said term, full rent for the current term shall then and thereupon become at once due and payable as if originally so provided herein as liquidated damage and not as a penalty.

~~**AMICABLE ACTION, IN EJECTMENT, ETC. (TO BE DELETED IN LEASES IN ALL STATES BUT PENNSYLVANIA)** VI. If default shall be made in Lessee's covenants herein to pay rent or additional rents, or if default shall be made in any other covenants and agreements herein contained on the part of Lessee to be kept or performed, and if any such default shall not be cured within thirty (30) days after Lessee has been given written notice by Lessor to do so, or if the demised premises shall not be used by Lessee for the purposes herein authorized for a period of more than thirty (30) days, or if the demised premises shall at any time be used for purposes other than as herein permitted, or if Lessee shall file or suffer to be filed against it a petition in bankruptcy, or if Lessee shall be declared bankrupt or insolvent according to law, or if a receiver or trustee be appointed for the property of Lessee, or if Lessee shall make a general assignment for the benefit of creditors, then in any of such cases, this lease may, at the option of Lessor, forthwith be terminated by Lessor without any right on the part of Lessee or those claiming under Lessee to save the forfeiture by payment of rent or additional rents due or by performance of the other covenants, terms and conditions thus violated; and thereupon any attorney, as attorney for Lessee, at the request of Lessor, immediately thereafter may sign an agreement for entering in any competent court an amicable action and judgment in ejectment to any term then past or present (without any stay of execution or appeal) against Lessee and all persons claiming under Lessee for recovery by Lessor of possession of the demised premises and also may sign and confess judgment for all arrearages of rent or additional rents, damages, costs and charges payable by Lessee, if any without any liability on the part of said attorney, for which this shall be a sufficient warrant; and thereupon a writ of possession with a clause of execution for such arrearages of rent, or additional rents, damages, costs and charges payable by Lessee, if any, and the costs according to law, as in cases of ejectment, may issue forthwith without any prior writ or proceeding whatsoever and so from time to time as often as any breach by Lessee of any of the covenants, terms and conditions of this lease shall occur; and Lessee hereby releases to Lessor all errors and defects whatsoever in entering such action or judgment, or causing such writ of possession to be issued, or in any proceeding thereon or concerning the same, and hereby agrees that no writ of error or objection or exception shall be made or taken thereto; and a copy of this lease, with any modification thereof, being filed in said action, it shall not be necessary to file the original as a warrant of attorney, any law or rule of court to the contrary notwithstanding. No such termination of this lease, nor taking or recovering possession of the demised premises shall deprive Lessor of any other action against Lessee for possession, for rent or additional rents or for damages, costs and charges as herein provided, nor shall any distress or suit for rent or additional rents or damages prevent Lessor from proceeding to recover possession on any breach by Lessee of any of the covenants, terms or conditions hereof and Lessor shall have the further right in the event of any subsequent default or defaults to bring one or more further amicable actions in the manner as hereinbefore set forth to recover possession of the demised premises for such subsequent default.~~

REFUND VII. In the event of termination of this lease by Lessor for any cause other than default or failure to comply with the terms of this lease by Lessee and if rent shall have been paid by Lessee in advance to a day subsequent to the date of such termination of this lease, then Lessor shall refund and repay to Lessee and Lessee shall receive and accept as full payment for all loss, damages and demands occasioned by such termination of this lease, the apportioned amount of rent so paid by Lessee in advance for that portion of the term or continued term so avoided, except that no refund will be made of any amount less than Ten Dollars ($10.00). Lessee shall remain liable for the payment of real estate taxes and other charges assessed or imposed upon Lessee's buildings or improvements or in connection therewith which may have accrued to date of such termination, and other taxes and assessments which Lessee is obligated to pay as additional rent hereunder shall be prorated to the date of termination.

Lessor shall not be obligated to reimburse Lessee for any expenditure by Lessee for construction of improvements, or for alterations, on or to the demised premises and Lessee hereby expressly waives any claim against Lessor for such reimbursement.

SUBORDINATION VIII. This lease is subject and subordinate to all ground or underlying leases and to all mortgages which may now or hereafter affect such leases or the real property of which the demised premises form a part, and to all renewals, modifications, consolidations, replacements and extensions thereof. This clause shall be self-operative and no further instrument of subordination shall be required by any mortgagee; however, in confirmation of such subordination, Lessee shall execute promptly any certificate to that effect upon request by Lessor. Lessee hereby constitutes and appoints Lessor as Lessee's attorney-in-fact to execute any such certificate or certificates for and on behalf of Lessee.

INABILITY TO PERFORM IX. This lease and obligation of Lessee to pay rent or additional rents hereunder and to keep and perform all other covenants and agreements hereunder on part of Lessee to be kept or performed shall in no wise be affected, impaired or excused because Lessor is unable to fulfill any of its obligations under this lease, or is unable to supply, or because Lessor is delayed in supplying, any service expressly or impliedly to be supplied by Lessor, or is unable to perform, or because Lessor is delayed in performing, any work or service for which it is liable hereunder, if Lessor is prevented or delayed from so doing by reason of labor troubles or any outside cause beyond control of Lessor including, but not limited to, governmental action or preemption, act of God, war or civil commotion.

LOSS OR DAMAGE TO PERSON OR PROPERTY X. Lessor shall not be liable to Lessee for any loss, injury or damage which may happen to the person (if Lessee is a natural person) or property of Lessee, of Lessee's employees or of persons claiming under Lessee, while on or about the demised premises, caused by theft, fire, or by the handling of electrical installations, or by accident to or breakage of any of the machinery, piping or plumbing, fixtures or other appurtenances connected with any building upon the demised premises, or by water, rain or snow which may leak into, issue or overflow from any part of any such building.

DEFAULT REMEDIES XI. The actions and remedies provided in this lease in case of default shall not be deemed exclusive but shall be in addition to all other actions and remedies at law or in equity in case of any such default; and no action or remedy taken or omitted by Lessor in case of default shall be deemed a waiver of such default and waiver of a particular default shall not be deemed a waiver of any other default or a waiver of the same default again occurring, nor shall any failure on the part of Lessor to compel a fulfillment of any one or more of the covenants, terms and conditions herein contained be held to be a waiver of its right to enforce the same at any time thereafter during the term or any continued term of this lease.

NOTICES XII. Notices given under the terms of this lease shall be deemed sufficiently served if, in the case of notice to Lessee, such notice is mailed to Lessee by certified or registered United States Mail, or is delivered personally to Lessee, at Lessee's address set forth on the first page hereof, or at such other place as Lessee may from time to time designate in writing to Lessor, or if such notice is posted on the demised premises; and, if, in the case of notice to Lessor, such notice is mailed to Lessor by certified or registered United States Mail, or is delivered personally to Lessor, at Lessor's Real Estate Department office at Rm. 482, Union Station, Chicago, Illinois 60606 or at the office of Lessor where rental payments hereunder are to be made by Lessee, or at such other place as Lessor may from time to time designate in writing to Lessee. It is expressly understood that nothing herein contained shall imply or import a covenant on the part of Lessor for quiet enjoyment.

WHEREAS, The dedicated efforts of Commissioner Franklin Bush Schmick on behalf of the Chicago Park District and to all citizens of the City of Chicago, will long be remembered; now, therefore,

Be It Resolved, That the Mayor and members of the City Council of the City of Chicago, in meeting assembled this 14th day of November, A.D., 1973, express their deep sorrow at the passing of Commissioner Franklin Bush Schmick, and their appreciation for his dedicated and untiring community service for the benefit of the people of Chicago, and further express their sympathy to his family; and

Tribute Paid to Late Sidney Horwitz.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, Almighty God, in His Infinite Wisdom has called to his eternal reward on November 3, 1973, Sidney Horwitz, Chief Clerk in the Office of the City Collector of the City of Chicago; and

WHEREAS, Sidney Horwitz was born and raised in Chicago. He attended Chicago Public Schools and was a graduate of DePaul University where he received his Bachelor of Arts Degree and in 1945 his Juris Doctor Degree; and

WHEREAS, Sidney Horwitz began his service as an employee with the City of Chicago in 1931. From 1933 to 1941 he was employed with the Chicago Public Library. In March of 1941 he began his almost 33 years of service in the City Collector's Office, progressing in his Civil Service status through well deserved promotions to the position of Chief Clerk which he occupied at the time of his passing; and

WHEREAS, A mere recitation of the positions held by Sidney Horwitz cannot reflect in full measure his dedication and devotion as a civil servant, serving the people of Chicago. Those who knew "Sid" Horwitz either as a friend or co-worker or as a member of the general public who sought his advice and counsel on city related matters will remember him as quiet, reserved, and soft spoken in his demeanor. A public official who in the conduct of the city's business extended every courtesy and politeness with equal accord to all with whom he came in contact; and

WHEREAS, Sid Horwitz will be missed by his many friends, colleagues and associates. He exemplified the best qualities of an outstanding public servant who served the people of Chicago with great loyalty, devotion and dedication; now, therefore,

Be It Resolved, That the Mayor and members of the City Council of the City of Chicago, in meeting assembled this 14th day of November, A. D., 1973, publicly express their sorrow at the passing of Sidney Horwitz, a dedicated public servant and further express their deep sympathy to his wife Idylle Horwitz, his son Ira and his daughter Morrine; and

Be It Further Resolved, That a suitable copy of this Resolution be presented to Idylle Horwitz, widow of Sidney Horwitz.

Alderman Stone moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Stone (seconded by Alderman Despres) the foregoing proposed resolution was *Adopted,* unanimously, by a rising vote.

Alderman Stone commended Mr. Horwitz for his involvement in his community and his congregation, stating that he had been efficient and dedicated to all and had been unfailingly courteous in all his dealings with the public, that he had been a true gentleman in every sense of the word.

Alderman Despres saluted him for having been an outstanding employe of the City Collector's office, stating that all members of the City Council would miss his counsel and knowledge of city government.

Honorable Richard J. Daley, Mayor, addressed the City Council stating that it was most unfortunate that in light of the many criticisms leveled against City employes, that Mr. Horwitz's service had gone unrecognized and unknown. He praised him for having performed a tremendous service for the City. He also drew the Council's attention to the presence at the meeting of Mr. Horwitz's widow, his son and daughter and extended his sympathy to them.

Tribute Paid to Alderman Wilinski.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, The Seventh Ward of the City of Chicago has been redrawn and redistricted and an election to elect a new Alderman will be held pursuant to Court Order; and

WHEREAS, The present Alderman of the Seventh Ward Robert Wilinski has vacated his seat and will not be a candidate for Alderman in the newly redistricted Seventh Ward; and

WHEREAS, Alderman Wilinski is a life-long resident and community leader of the Southeast Side of the City of Chicago. Alderman Wilinski has been active in religious, charitable and philanthropic organizations and efforts for the betterment of his community. A veteran of World War II, Alderman Wilinski served with the Marines as a member of the original "Carlson Raiders", and was wounded at Guadalcanal and Iwo Jima; and

WHEREAS, Alderman Wilinski's service as a member of the City Council has been brief due to the Court redistricting of his ward. This is the last Council meeting he will attend as Alderman of his community. During his brief tenure as Alderman of the Seventh Ward he has proven himself to be a diligent dedicated servant not only of the people of the community he served but of all the residents of the City of Chicago; and

WHEREAS, Alderman Wilinski's departure from the City Council presents an occasion for his colleagues to acknowledge his brief but dedicated service in the City Council to the residents of his community and to the people of Chicago, as well as to acknowledge his many years of service as a community leader; now, therefore,

Be It Resolved, That the Mayor and Members of the City Council of the City of Chicago, in meeting assembled this 14th day of November, A.D. 1973, do hereby express to Robert Wilinski, their colleague and fellow member of the City Council their deep appreciation for his dedicated service, for the warmth of friendship and for his loyalty to the principles of good government and extend to him their best wishes for many years of continued public service to this community and further express their best wishes for continued good health and happiness for both Alderman Wilinski and his wife, Virginia; and

Be It Further Resolved, That a suitable copy of this Resolution be presented to Alderman Robert Wilinski.

Alderman Vrdolyak moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Vrdolyak (seconded by Aldermen Natarus, Kenner, Singer, Gabinski, Frost, Simon, Despres, Sawyer, Marzullo, Pucinski, Burke, Bilandic, Stewart, Stone and Keane) the foregoing proposed resolution was *Adopted,* unanimously.

The Aldermen all agreed that they said good-by to a most capable colleague. It was noted that his first endeavor had been to help and serve his community and that he had gone about his tasks in a quiet and unassuming manner. It was noted that he had been a "hero" in his community because of his service during World War II and above all he was a "man's man". It was also noted that he had extended sympathy, compassion and concern after the tragic I. C. wreck. All sympathized with the painful decision he had made not to seek re-election, and wished him well in the pursuit of legal remedies. All also wished him the best of luck in his future endeavors and the hope was expressed that his services would not be lost to the City.

Honorable Richard J. Daley, Mayor, also addressed the Council extending his thanks for the cooperation Alderman Wilinski had extended during his term of office. He asked Alderman Wilinski to address the Council.

In addressing the Council, Alderman Wilinski thanked everyone for their kind words, stating that he was glad the resolution was a "tribute" not a "eulogy". He went on to say that he had considered it a privilege to be of service to his city, and concluded by quoting from Rudyard Kipling "I have walked with kings and queens".

The properties of sections of composite beams shall be computed on the basis of the transformed area of steel.

[(b) In composite beams in which reinforcing bars are used in conjunction with structural steel members the properties of the cross section of the beam shall be computed on the basis of transformed area of steel and in accordance with the assumptions stated in paragraph (a).

[(c) All provisions of this chapter shall apply to composite beams. Standard beam connections shall be considered as affording slight restraint only, and the span of composite beams supported by such connections shall be taken as the overall length of the encased steel member measured out-to-out of the connection angles. Where end connections properly designed to take the end moment of a continuous beam or the moment at the joint of a rigid frame are provided, or where proper supplementary reinforcement in the form of bars or plates is supplied to take this moment at the support, the span and moments of composite beams may be taken as specified for continuous or restrained beams.

[(d) Built-up steel sections used in composite beams shall be designed in accordance with Chapter 74 of this code for the forces to which they are subjected in the composite beam.

(Signed) EDWIN P. FIFIELSKI,

On motion of Alderman Fifielski the proposed ordinance transmitted with the foregoing committee report was *Passed,* by yeas and nays as follows:

Yeas—Aldermen Roti, Barnett, Kenner, Despres, Sawyer, Wilinski, Cousins, Adduci, Vrdolyak, Bilandic, Kwak, Burke, Lawlor, Langford, Shannon, Hines, Fitzpatrick, Kelley, Stewart, Stemberk, Rhodes, Marzullo, Zydlo, Ray, Washington, Cross, Filippini, Keane, Gabinski, Sande, Frost, Laskowski, Aiello, Laurino, Simon, Pucinski, Natarus, Singer, Simpson, Fifielski, Cohen, Hoellen, Wigoda, Stone—44.

Nays—None.

The following is said ordinance as passed:

WHEREAS, The Commission on Chicago Historical and Architectural Landmarks has recommended that the structure known as the Monadnock Block, bounded on the North by the South side of W. Jackson Boulevard; on the West by the East side of S. Federal Street; on the South by the North side of W. Van Buren Street; on the East by the West side of S. Dearborn Street, commonly known as and, located at No. 53 W. Jackson Boulevard, Chicago, Illinois, be designated by the City Council as a Chicago Landmark; and

WHEREAS, The Commission has further recommended that the Monadnock Block composed of two structures, the North Half constructed in 1889-1891 and the South Half built some two years later as an addition to the North Half, be desig-

nated as one Landmark, hereinafter to be called the Monadnock Block. The union of the South Half with the North Half provides an unusual perspective for examining the development of the Chicago School of Architecture. The North Half is of solid masonry construction, one of the last of its kind; the South Half, is one of the first expressions of modern steel frame construction in Chicago; and

WHEREAS, The Commission has found that the Monadnock Block meets the criteria as set forth in Chapter 21, Section 21-64 (b), of the Municipal Code of Chicago; namely,

Its character, interest and value are part of the development, heritage and cultural characteristics of the City of Chicago, State of Illinois and the United States.

It is identified with persons who significantly contributed to the culture and development of the City of Chicago.

It exemplifies the cultural, economic, social and historic heritage of the City of Chicago.

It portrays the environment of a group of people in an area of history characterized by a distinctive architectural style.

It embodies distinguishing characteristics of an architectural type.

It is identified as the work of architects whose individual work has influenced the development of the City of Chicago.

It is related to other distinctive areas which are eligible for preservation according to a plan based on historical, cultural and architectural motifs.

Its unique location or singular physical characteristics represent an established and familiar visual feature of the city of Chicago; and

WHEREAS, The North Half of the Monadnock Block is the culminating achievement of masonry wall construction. The Commission feels that the North Half, while marking the end of a traditional building concept, represents a significant architectural innovation. It embodies unique elements of architectural design, superb brick detailing, and unmatched craftsmanship. In its unadorned functionalism, it turns its back on the past; and

WHEREAS, The South Half of the Monadnock Block pioneered in use of the steel frame construction which was one of the most significant contributions of the Chicago School. In general proportions and disposition of major elements, the building is similar to its northern counterpart, and completes the development of its city block in the best tradition of early commercial development and the Chicago School; and

WHEREAS, In the Monadnock Block, the last flowering of the old load-bearing masonry construction and the birth of the new steel frame construction can be seen in what is for all intents and purposes the same building. The sense of unity of the two halves represents one of the special contributions of the Chicago School of Architecture to the art of building at the turn of the century; and

WHEREAS, The Commission has concluded that the Monadnock Block is truly important to Chicago, and deserves to be preserved, protected, enhanced and perpetuated. The Commissioner of Development and Planning of the City of Chicago and the City Council Committee on Cultural and Economic Development have concurred in the Commission's recommendation that the Monadnock Block be designated as a Chicago Landmark; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The structure known as the Monadnock Block located on property legally described as:

"Lots 5, 6, 7, 12, 13, 18, 19 and 24 in Wright's Subdivision of Block 122 in School Section Addition to Chicago in Section 16, Township 39 North, Range 14 East of the Third Principal Meridian, located in Cook County, Illinois,"

and commonly known as No. 53 W. Jackson Boulevard, Chicago, Illinois, is hereby designated as a "Chicago Landmark" in accordance with the provisions of Chapter 21, Section 21-64 (f) of the Municipal Code of Chicago.

SECTION 2. The Commission on Chicago Historical and Architectural Landmarks is hereby directed to create a suitable plaque appropriately identifying said landmark and to affix said plaque to the property designated as a Chicago Landmark in accordance with the provisions of Chapter 21, Section 21-64 (f) of the Municipal Code of Chicago.

SECTION 3. The Commission on Chicago Historical and Architectural Landmarks is directed to comply with the provisions of Chapter 21, Section 21-64 (g) of the Municipal Code of Chicago.

SECTION 4. This ordinance shall take effect on and after ten (10) days from the date of its due passage and publication.

Action Deferred—On Proposed Resolution to Request Public Hearing Concerning Personal Safety of Patrons Riding CTA Trains and Rapid Transit Lines, Etc.

The Committee on Local Transportation submitted the following report, which was, at the request of Alderman Marzullo, *Deferred* and ordered published:

Chicago, November 6, 1973.

To the President and Members of the City Council:

Your Committee on Local Transportation, having had under consideration a proposed resolution (which was referred on June 14, 1972) to request the Committee to hold a public hearing on the matter of personal safety of patrons riding CTA trains and Rapid Transit Lines, etc., begs leave to recommend that Your Honorable Body pass the said proposed resolution, which is transmitted herewith.

This recommendation was concurred in by 10 members of the committee, with no dissenting vote.

Respectfully submitted,

(Signed) Vito Marzullo,

Chairman.

The proposed resolution transmitted with the foregoing committee report reads as follows:

Whereas, CTA patrons have rightfully become increasingly alarmed over the danger to their personal safety when riding CTA trains and Rapid Transit Lines; and

Whereas, Lives have been lost and serious injuries received by persons riding on CTA vehicles and waiting on CTA platforms because of the lack of adequate police protection, and in less than one year there have been at least two murders on CTA trains or platforms; and

Whereas, The increasing number of violent acts against CTA riders demands that effective action be taken to protect them; and

Whereas, The absence of an adequate CTA security force may be a contributing factor to the increase of crime on the CTA; and

Whereas, On October 6, 1971, this City Council unanimously adopted a resolution calling for its Committee on Local Transportation to conduct a hearing into the sufficiency of police protection on the CTA to prevent attacks on, robbery of and violence against CTA passengers (Journal of Proceedings of Chicago City Council for October 6, 1971, at page 1249), but no such hearing has ever been held; and another murder, that of Michael Kulis, has since occurred on a CTA train; now, therefore,

Be It Resolved, That the public hearing ordered by this Council on October 6, 1971, be held by the Committee on Local Transportation between June 20 and July 1, 1972, (i) to determine the extent of crime on CTA vehicles and on CTA platforms and stations during the past twenty-four months; (ii) to determine whether police surveillance afforded CTA riders is adequate to protect them against crime; (iii) to determine whether the CTA requires its own police force to protect its passengers against crime; (iv) to determine whether a special CTA police force would be less expensive than protection by the Police Department of the City of Chicago; and (v) to give CTA riders, employees and the public the opportunity to relate their experiences and observations about CTA security; now, therefore,

Be It Further Resolved, That in the event that the Committee on Local Transportation fails to hold such a public hearing between June 20 and July 1, 1972, then in the month of July, 1972, Mayor Richard J. Daley, Alderman Thomas E. Keane, Alderman Vito Marzullo, together with the aldermen who have signed this resolution and any others who wish to join them, should ride the CTA for five nights between the hours of midnight and 6 A.M. as ordinary passengers in the same way as other passengers, so that these public officials can witness the conditions which exist during the early morning hours on CTA vehicles.

Action Deferred—ON PROPOSED ORDINANCE FOR AMENDMENT OF MUNICIPAL CODE CONCERNING INSPECTION OF PUBLIC GARAGES AND LICENSE FEES THEREFOR *(Adverse Committee Recommendation).*

The Committee on Local Transportation submitted the following report, which was, at the request of two aldermen present (Alderman Despres and Alderman Hoellen) *Deferred* and ordered published:

CHICAGO, November 6, 1973.

Your Committee on Local Transportation, having had under consideration a proposed ordinance (which was referred on February 9, 1972) to amend Sections 156-13 and 156-17 of the Municipal Code of Chicago, to apply the same standards of inspection to garages for taxicabs as are applied to public garages, and to provide license fees therefor, begs leave to recommend that Your Honorable Body *Do Not Pass* the said proposed ordinance, which is transmitted herewith.

This recommendation was concurred in by 10 members of the committee, with no dissenting vote.

Respectfully submitted,
(Signed) VITO MARZULLO,
Chairman.

The proposed resolution transmitted with the foregoing committee report reads as follows:

Whereas, A taxi-cab driver, Mrs. Rosemarie Del Boccio, was killed and another was seriously burned in an explosion on January 9, 1972, while refueling her taxi-cab in Checker Taxi Company's garage No. 5 at 4639 N. Pulaski Road; and

Whereas, City firemen who responded to the alarm were unable to enter the garage because the doors of the garage were blocked by refuse and litter and were delayed extinguishing the fire until they were able to chop away the door; and

Whereas, Although taxi-cabs and liveries are licensed and regulated by the City of Chicago, their garages are not; and

Whereas, Public welfare and safety require that the same standards of inspection be applied to garages for taxi-cabs as are applied to public garages; therefore,

Be It Ordained by the City Council of the City of Chicago:

Section 1. Section 156-13 of the Municipal Code of the City of Chicago be and it is hereby amended by adding the following words and phrases immediately after the words "or maintained of such motor vehicles" at the conclusion of the first sentence of said section:

"or where thirty or more taxi-cabs are stored, sheltered, kept or maintained."

Section 2. Section 156-17 of the Municipal Code of the City of Chicago be and it is hereby amended by striking the word "two" and inserting the word "three" in the first sentence thereof and by adding the following words, letters and phrases at the conclusion of said section:

"Class III. This class shall include all enclosed garages for the storage of taxi-cabs or public liveries. The quarterly license fee for this class shall be fifty dollars where the capacity of such enclosed garage does not exceed thirty vehicles, and in addition thereto at the rate of two dollars and fifty cents for each such vehicle capacity in excess of thirty."

Section 3. This ordinance shall be in force and effect from and after its passage, approval and due publication.

Part III—SPONSOR'S ASSURANCES

In order to furnish the assurances required by the Act and Regulations the Sponsor hereby covenants and agrees with the United States, as follows:

1. These covenants shall become effective upon acceptance by the Sponsor of an offer of Federal aid for the Project or any portion thereof, made by the FAA and shall constitute a part of the Grant Agreement thus formed. These covenants shall remain in full force and effect throughout the useful life of the facilities developed under this Project, but in any event not to exceed twenty (20) years from the date of said acceptance of an offer of Federal aid for the Project. However, these limitations on the duration of the covenants do not apply to the covenant against exclusive rights. Any breach of these covenants on the part of the Sponsor may result in the suspension or termination of, or refusal to grant Federal assistance under, FAA administered programs, or such other action which may be necessary to enforce the rights of the United States under this agreement.

2. The Sponsor will operate the Airport as such for the use and benefit of the public. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that it will keep the Airport open to all types, kinds, and classes of aeronautical use on fair and reasonable terms without discrimination between such types, kinds, and classes. Provided; That the Sponsor may establish such fair, equal, and not unjustly discriminatory conditions to be met by all users of the Airport as may be necessary for the safe and efficient operation of the Airport; And Provided Further, That the Sponsor may prohibit or limit any given type, kind, or class of aeronautical use of the Airport if such action is necessary for the safe operation of the Airport or necessary to serve the civil aviation needs of the public.

3. The Sponsor—

a. Will not grant or permit any exclusive right forbidden by Section 308(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1349(a)) at the Airport, or at any other airport now owned or controlled by it;

b. Agrees that, in furtherance of the policy of the FAA under this covenant, unless authorized by the Administrator, it will not, either directly or indirectly, grant or permit any person, firm or corporation the exclusive right at the Airport, or at any other airport now owned or controlled by it, to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity.

c. Agrees that it will terminate any existing exclusive right to engage in the sale of gasoline or oil, or both, granted before July 17, 1962, at such an airport, at the earliest renewal, cancellation, or expiration date applicable to the agreement that established the exclusive right; and

d. Agrees that it will terminate any other exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under the Airport and Airway Development Act.

4. The Sponsor agrees that it will operate the Airport for the use and benefit of the public, on fair and reasonable terms, and without unjust discrimination. In furtherance of the covenant (but without limiting its general applicability and effect), the Sponsor specifically covenants and agrees:

a. That in its operation and the operation of all facilities on the Airport, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person or class of persons by reason of race, color, creed, or national origin in the use of any of the facilities provided for the public on the Airport.

b. That in any agreement, contract, lease, or other arrangement under which a right or privilege at the Airport is granted to any person, firm, or corporation to conduct or engage in any aeronautical activity for furnishing services to the public at the Airport, the Sponsor will insert and enforce provisions requiring the contractor:

(1) to furnish said service on a fair, equal, and not unjustly discriminatory basis to all users thereof, and

(2) to charge fair, reasonable, and not unjustly discriminatory prices for each unit or service; Provided, That the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

c. That it will not exercise or grant any right or privilege which would operate to prevent any person, firm or corporation operating aircraft on the Airport from performing any services on its own aircraft with its own employees (including, but not limited to maintenance and repair) that it may choose to perform.

d. In the event the Sponsor itself exercises any of the rights and privileges referred to in subsection b, the services involved will be provided on the same conditions as would apply to the furnishing of such services by contractors or concessionaires of the Sponsor under the provisions of such subsection b.

5. Nothing contained herein shall be construed to prohibit the granting or exercise of an exclusive right for the furnishing of nonaviation products and supplies or any service of a nonaeronautical nature or to obligate the Sponsor to furnish any particular nonaeronautical service at the Airport.

6. The Sponsor will operate and maintain in a safe and serviceable condition the Airport and all facilities thereon and connected therewith which are necessary to serve the aeronautical users of the Airport other than facilities owned or controlled by the United States, and will not permit any activity thereon which would interfere with its use for airport purposes: Provided, That nothing contained herein shall be construed to require that the Airport be operated for aeronautical uses during temporary periods when snow, flood, or other climatic conditions interfere with such operation and maintenance; And Provided Further, That nothing herein shall be construed as requiring the maintenance, repair, restoration or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the Sponsor. In furtherance of this covenant the Sponsor will have in effect at all times arrangements for:

a. Operating the airport's aeronautical facilities whenever required.

b. Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions, and

c. Promptly notifying airmen of any condition affecting aeronautical use of the Airport.

7. Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, prevent the construction, erection, alteration, or growth of any structure, tree, or other object in the approach areas of the runways of the Airport, which would constitute an obstruction to air navigation according to the criteria or standards prescribed in Section 77.23, as applied to Section 77.25, Part 77 of the Federal Aviation Regulations. In addition, the Sponsor will not erect or permit the erection of any permanent structure or facility which would interfere materially with the use, operation, or future development of the Airport, in any portion of a runway approach area in which the Sponsor has acquired, or hereafter acquires, property interests permitting it to so control the use made of the surface of the land.

8. Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adopt.on and enforcement of zoning regulations, take action to restrict the use of land adjacent to or in the immediate vicinity of the Airport to activities and purposes compatible with normal airport operations including landing and takeoff of aircraft.

9. The Sponsor will keep up to date at all times an airport layout plan of the Airport showing (1) the boundaries of the Airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the Sponsor for airport purposes, and proposed additions thereto; (2) the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and roads), including all proposed extensions and reductions of existing airport facilities; and (3) the location of all existing and proposed nonaviation areas and of all existing improvements thereon. Such airport layout plan and each amendment, revision, or modification thereof, shall be subject to the approval of the FAA, which approval shall be evidenced by the signature of a duly authorized representative of the FAA on the face of the airport layout plan. The Sponsor will not make or permit the making of any changes or alterations in the Airport or any of its facilities other than in conformity with the airport layout plan as so approved by the FAA, if such changes or alterations might adversely affect the safety, utility, or efficiency of the Airport.

10. All facilities of the Airport developed with Federal aid and all those usable for the landing and taking off of aircraft, will be available to the United States at all times, without charge, for use by government aircraft in common with other aircraft, except that if the use by government aircraft is substantial, a reasonable share, proportional to such use, of the cost of operating and maintaining facilities so used, may be charged. Unless otherwise determined by the FAA, or otherwise agreed to by the Sponsor and the using agency, substantial use of an airport by government aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the FAA, would unduly interfere with use of the landing area by other authorized aircraft, or during any calendar month that:

a. Five (5) or more government aircraft are regularly based at the airport or on land adjacent thereto; or

b. The total number of movements (counting each landing as a movement and each takeoff as a movement) of government aircraft is 300 or more, or the gross accumulative weight of government aircraft using the Airport (the total movements of government aircraft multiplied by gross certified weights of such aircraft) is in excess of five million pounds.

11. Whenever so requested by the FAA, the Sponsor will furnish without cost to the Federal Government, for construction, operation, and maintenance of facilities for air traffic control activities, or weather reporting activities and communication activities related to air traffic control, such areas of land or water, or estate therein, or rights in buildings of the Sponsor as the FAA may consider necessary or desirable for construction at Federal expense of space or facilities for such purposes. The approximate amounts of areas and the nature of the property interests and/or rights so required will be set forth in the Grant Agreement relating to the Project. Such areas or any portion thereof will be made available as provided herein within 4 months after receipt of written request from the FAA.

12. The airport operator or owner will maintain a fee and rental structure for the facilities and services being provided the airport users which will make the Airport as self-sustaining as possible under the circumstances existing at the Airport, taking into account such factors as the volume of traffic and economy of collection.

13. The Sponsor will furnish the FAA with such annual or special airport financial and operational reports as may be reasonably requested. Such reports may be submitted on forms furnished by the FAA, or may be submitted in such manner as the Sponsor elects so long as the essential data are furnished. The Airport and all airport records and documents affecting the Airport, including deeds, leases, operation and use agreements, regulations, and other instruments, will be made available for inspection and audit by the Secretary and the Comptroller General of the United States, or their duly authorized representatives, upon reasonable request. The Sponsor will furnish to the FAA or to the General Accounting Office, upon request, a true copy of any such document.

14. All project accounts and records will be kept in accordance with a standard system of accounting if so prescribed by the Secretary.

15. If at any time it is determined by the FAA that there is any outstanding right or claim of right in or to the Airport property, other than those set forth in Part II, paragraphs 7(a), 7(b), and 7(c), the existence of which creates an undue risk of interference with the operation of the Airport or the performance of the covenants of this Part, the Sponsor will acquire, extinguish, or modify such right or claim of right in a manner acceptable to the FAA.

16. The Sponsor will not enter into any transaction which would operate to deprive it of any of the rights and powers necessary to perform any or all of the covenants made herein, unless by such transaction the obligation to perform all such covenants is assumed by another public agency found by the FAA to be eligible under the Act and Regulations to assume such obligations and having the power, authority, and financial resources to carry out all such obligations. If an arrangement is made for management or operation of the Airport by any agency or person other than the Sponsor or an employee of the Sponsor, the Sponsor will reserve sufficient rights and authority to insure that the Airport will be operated and maintained in accordance with the Act, the Regulations, and these covenants.

17. Unless the context otherwise requires, all terms used in these covenants which are defined in the Act and the Regulations shall have the meanings assigned to them therein.

Part IV–PROJECT AGREEMENT

If the Project or any portion thereof is approved by the FAA, and an offer of Federal aid for such approved Project is accepted by the Sponsor, it is understood and agreed that all airport development included in such Project will be accomplished in accordance with the Act and the Regulations, the plans and specifications for such development, as approved by the FAA, and the Grant Agreement with respect to the Project.

9. EQUAL OPPORTUNITY CLAUSE.

(The following clause is applicable unless this contract is exempt under the rules and regulations of the President's Committee on Equal Employment Opportunity (41 CFR, Chapter 60).)

During the performance of this contract (Lease), the Contractor (Lessor) agrees as follows:

(a) The Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, creed, color, or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Contracting Officer setting forth the provisions of this nondiscrimination clause.

(b) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, creed, color, or national origin.

(c) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency Contracting Officer, advising the said labor union or workers' representative of the Contractor's commitments under this nondiscrimination clause, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(d) The Contractor will comply with all provisions of Executive Order No. 10925 of March 6, 1961, as amended, and of the rules, regulations, and relevant orders of the President's Committee on Equal Employment Opportunity created thereby.

(e) The Contractor will furnish all information and reports required by Executive Order No. 10925 of March 6, 1961, as amended, and by the rules, regulations, and orders of the said Committee, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Committee for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(f) In the event of the Contractor's noncompliance with the nondiscrimination clause of this contract or with any of

the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order No. 10925 of March 6, 1961, as amended, and such other sanctions may be imposed and remedies invoked as provided in the said Executive Order or by rule, regulation, or order of the President's Committee on Equal Employment Opportunity, or as otherwise provided by law.

(g) The Contractor will include the provisions of paragraphs (a) through (g) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the President's Committee on Equal Employment Opportunity issued pursuant to section 303 of Executive Order No. 10925 of March 6, 1961, as amended, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the contracting agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: *Provided, however,* that in the event the Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the contracting agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

10. FACILITIES NONDISCRIMINATION.

(a) As used in this section, the term "facility" means stores, shops, restaurants, cafeterias, restrooms, and any other facility of a public nature in the building in which the space covered by this lease is located.

(b) The Lessor agrees that he will not discriminate by segregation or otherwise against any person or persons because of race, creed, color, or national origin in furnishing, or by refusing to furnish, to such person or persons the use of any facility, including any and all services, privileges, accommodations, and activities provided thereby. Nothing herein shall require the furnishing to the general public of the use of any facility customarily furnished by the Lessor solely to tenants, their employees, customers, patients, clients, guests and invitees.

(c) It is agreed that the Lessor's noncompliance with the provisions of this section shall constitute a material breach of this lease. In the event of such noncompliance, the Government may take appropriate action to enforce compliance, may terminate this lease, or may pursue such other remedies as may be provided by law. In the event of termination, the Lessor shall be liable for all excess costs of the Government in acquiring substitute space, including but not limited to the cost of moving to such space. Substitute space shall be obtained in as close proximity to the Lessor's building as is feasible and moving costs will be limited to the actual expenses thereof as incurred.

(d) It is further agreed that from and after the date hereof the Lessor will, at such time as any agreement is to be entered into or a concession is to be permitted to operate, include or require the inclusion of the foregoing provisions of this section in every such agreement or concession pursuant to which any person other than the Lessor operates or has the right to operate any facility. WHEREAS, It is necessary and for the best interest of the City of Chicago, and in order to promote and protect the public health and welfare of the inhabitants and citizens of the City of Chicago that solid waste disposal facilities be designed, constructed and equipped to efficiently, effectively and economically process and dispose of the enormous quantities of refuse generated by the citizens and collected by the City annually; and

The City Council of said City further covenants and agrees with the purchaser and holders of the bonds herein authorized that so long as any of said bonds remain outstanding, the said City of Chicago and any of its officers will take no action in the investment of funds which may be to the credit of the Fund hereinabove provided for in this section,

which action would result in making the interest payable on any of said bonds herein authorized subject to federal income taxes by reason of said bonds being classified as "arbitrage bonds" within the meaning of Section 103(d) of the Internal Revenue Code of 1954, as amended, and any regulations promulgated or proposed thereunder, including Sections 1.103-13 and 1.103-14 of the Income Tax Regulations (26 CFR Part 1), as the same presently exist, or may from time to time hereafter be amended. The said City Council reserves the right for its proper officers to make any investment of such moneys permitted by state law if, when and to the extent that said Section 103(d) or regulations promulgated thereunder shall be repealed or relaxed or shall be held void by final decision of a court of competent jurisdiction, but only if any investment made by virtue of such repeal, relaxation or decision would not, in the opinion of counsel of recognized competence in such matters, result in making the interest on said bonds subject to federal income taxation.

SECTION 9. That the proceeds of the bonds hereby authorized shall be expended only for the purpose of designing, constructing and equipping the solid waste processing plant herein authorized and which is shown on the report describing the same prepared by engineers employed by the City for the purpose of preparing the same and which also show the estimated date of the commencement and the completion thereof, all of which are presently on file in the office of the City Clerk of the City of Chicago.

Congratulations Extended to Monsignor Francis J. Dolan on Golden Jubilee.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, Right Reverend Monsignor Francis J. Dolan will commemorate the Golden Jubilee of his Ordination to the priesthood on Sunday, December 16, 1973; and

WHEREAS, Monsignor Dolan was born and raised in Chicago. He was graduated from All Saints School and Cathedral College, now Quigley Preparatory Seminary. He attended St. Mary's Seminary in Baltimore, Maryland and was ordained into the priesthood on December 22, 1923, at Holy Name Cathedral by the late George Cardinal Mundelein. He celebrated his first Mass on December 23, 1923. His first assignment as a priest was at Holy Angels Parish where he served for three years from 1924 to 1927. He also served at St. Anne's Parish from 1927 to 1929 and St. Timothy's Parish from 1929 to 1934; and

WHEREAS, Monsignor Dolan began his service as Pastor of Queen of All Saints Parish on December 22, 1934, exactly eleven years after his ordination as a priest. At the time he assumed the pastorate at Queen of All Saints, our country was experiencing a great depression. This was a poor parish consisting of forty-three families in what was considered a rural area in the northwest outskirts of Chicago. A small wooden building on stilts, comparable to an army barracks, served as the Church for the parishioners. Under Monsignor Dolan's pastoral leadership during a period of thirty-nine years, Queen of All Saints has grown from forty-three families to a parish comprising 2,700 families at the present time. The small wooden church

on stilts has been replaced by numerous buildings which serve the needs of every facet of a parish-family devoted to God. In 1939 construction was started on the school building and this was completed in 1943 with a capacity of 1,000 students. In 1948 the convent was completed which was followed in 1951 by the construction of the rectory and gymnasium buildings; and

WHEREAS, In 1956 through the continuing dynamic leadership of Monsignor Dolan and with the concerted effort of the entire Queen of All Saints parish-family there began to materialize a long sought after dream with the groundbreaking for the church. On October 29, 1960, what has been called one of the outstanding, majestic works of art in the twentieth century, was consecrated to the unending service of devotion to God. Only two years later, on March 26, 1962, Pope John XXIII elevated this magnificent church to a basilica. In view of the fact that Monsignor Dolan is the only pastor who has built a church and had it elevated to a basilica during his lifetime, and that in the entire history of the United States only fourteen sacred edifices have been so honored by the popes, the people of the City of Chicago have come to share in a great honor; and

WHEREAS, Monsignor Dolan with his two brothers, Reverend James A. Dolan, Pastor of St. Theresa Church and Reverend Walter E. Dolan, retired, have devoted a total of 121 years of priestly service to God in the Archdiocese of Chicago; now, therefore,

Be It Resolved, That the Mayor and members of the City Council of the City of Chicago, in meeting assembled this 30th day of November, A. D., 1973, do hereby express their sincerest congratulations to Monsignor Francis J. Dolan on the occasion of his commemoration of 50 years of service to God and further express their best wishes for continued happiness to a truly great Chicagoan; and

Be It Further Resolved, That a suitable copy of this Resolution be presented to Right Reverend Monsignor Francis J. Dolan.

Alderman Laurino moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Laurino (seconded by Alderman Pucinski) the foregoing proposed resolution was *Adopted,* unanimously.

Tribute Paid to Late Senator Stanley J. Mondala.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, Almighty God, in His Infinite Wisdom has called to his eternal reward on Sunday, November 18, 1973, former State Senator Stanley J. Mondala; and

WHEREAS, Senator Mondala was born and raised in Chicago. He was a graduate of Crane High School where he achieved eleven major athletic letters, an unmatched record. He was captain of the football, wrestling and baseball teams while attending Crane. At Northwestern University he won the state wrestling championship in 1932. After transferring to the University of Missouri, he became the University of Missouri's second All-American football player. In 1948 he was graduated with honors from John Marshall Law School; and

WHEREAS, Senator Mondala began his legislative career in 1939 when he was elected to the Illinois State Senate at the age of 27. He served in the Illinois Senate for 16 years until 1955. He was also employed as a bridge engineer by the Chicago Public Works Department and served in that capacity for 33 years; and

WHEREAS, Senator Mondala's service to the people of Chicago and the State of Illinois as a state legislator and his further service to the people of Chicago as an employee of the Chicago Public Works Department will be remembered and appreciated; now, therefore,

Be It Resolved, That the Mayor and Members of the City Council of the City of Chicago in meeting assembled this 30th day of November A.D., 1973, express publicly their sorrow at the passing of former State Senator Stanley J. Mondala, and extend to his wife Mary, their sincere sympathy; and

Be It Further Resolved, That a suitable copy of this Resolution be presented to Mary Mondala, the widow of former State Senator Stanley J. Mondala.

Alderman Zydlo moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

The properties of sections of composite beams shall be computed on the basis of the transformed area of steel.

[(b) In composite beams in which reinforcing bars are used in conjunction with structural steel members the properties of the cross section of the beam shall be computed on the basis of transformed area of steel and in accordance with the assumptions stated in paragraph (a).

[(c) All provisions of this chapter shall apply to composite beams. Standard beam connections shall be considered as affording slight restraint only, and the span of composite beams supported by such connections shall be taken as the overall length of the encased steel member measured out-to-out of the connection angles. Where end connections properly designed to take the end moment of a continuous beam or the moment at the joint of a rigid frame are provided, or where proper supplementary reinforcement in the form of bars or plates is supplied to take this moment at the support, the span and moments of composite beams may be taken as specified for continuous or restrained beams.

REPORTS AND COMMUNICATIONS FROM CITY OFFICERS.

Tribute Paid to Late Justice Ulysses S. Schwartz.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, Almighty God, in His Infinite Wisdom has called to his eternal reward on December 2, 1973, Ulysses S. Schwartz, former distinguished Justice of the Illinois Appellate Court; and

WHEREAS, Justice Schwartz was born in Milwaukee, Wisconsin, he was a graduate of John Marshall Law School, from which he received his Bachelor of Laws degree in 1910 and his Doctor of Laws in 1956. He was admitted to the practice of law in Illinois in 1910. He was appointed an Assistant Corporation Counsel of the City of Chicago in 1911. He engaged in the private practice of law from 1923 to 1939; and

WHEREAS, Justice Schwartz began his long and distinguished career of public service as Alderman of the Third Ward of Chicago in the City Council where he served for nine years from 1916 to 1925. During his tenure as a member of the City Council, he served as Chairman of the Local Transportation Committee from 1920 to 1925 and Chairman of the Committee on Committees and Rules from 1923 to 1925. He wrote many articles on Chicago transportation and reorganization and was the author of a Certificate Plan For Chicago Local Transportation; and

WHEREAS, Justice Schwartz was first appointed as a Judge of the former Superior Court of Cook County in 1939 and served in that capacity for eleven years until February of 1950 when he was appointed as a Justice of the Illinois Appellate Court. His career as an outstanding jurist spanned a period of over forty-four years. In 1960 when Justice Schwartz was honored for 50 years of public service, a Sun-Times Editorial said on that occasion, "We are happy to call attention to this occasion because it reminds all of us that there are many good public officials in Chicago whose light is often buried under a bushel. Judge Schwartz has written some notable opinions that have broken new legal paths, but such achievements often go unnoticed in the grist of the day's news". Justice Schwartz modest response upon receiving the Public Service Award was "It's good to know that those who look on your work like it". Justice Schwartz was also active in civic and charitable endeavors. He was President of the Jewish Welfare Fund from 1936 to 1938 and from 1942 to 1946. He served as a member of the Board of Trustees of Michael Reese Hospital, and a Director and President of the Standard Club; and

WHEREAS, The more than 44 years of dedicated and distinguished judicial service by Justice Schwartz on behalf of the people of Chicago, of Cook County and the State of Illinois represent a lifetime of truly outstanding and dedicated public service. His never ending battle for speeding the judicial process as well as his knack for mixing Shakespeare, Dickens, Chekhov and other writers into his opinions to illustrate that the law's delay has been the theme of tragedy and comedy throughout history will long be remembered; now, therefore

Be It Resolved, That the Mayor and members of the City Council in meeting assembled this 7th day of December, A.D., 1973, do hereby express publicly their great sorrow at the passing of Justice Ulysses S. Schwartz, distinguished and dedicated jurist and extend to the members of his family their sincere sympathy; and

Be It Further Resolved, That a suitable copy of this Resolution be presented to the family of Justice Ulysses S. Schwartz.

Alderman Wigoda moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Wigoda the foregoing proposed resolution was *Adopted,* unanimously, by a rising vote.

"85-71. Before any owner or agent shall proceed with the installation or alteration of any mechanical refrigerating system, he shall secure the approval of the department of [steam boilers, unfired pressure vessels, and cooling plants,] *buildings*, and obtain a permit for the work. No refrigerating system shall be installed, erected, or maintained, nor shall any reconstruction of old apparatus or old system for mechanical refrigerating or cooling purposes be undertaken, unless plans and specifications for the same shall be filed in the office of the department of [steam boilers, unfired pressure vessels, and cooling plants,] *buildings*, and approved by the [chief inspector] *commissioner* of said department. Such plans and specifications shall show the kind and amount of refrigerant used. Upon approval of the said plans, a duplicate set of which shall be left on file in the [office of the chief inspector,]*department of buildings*, and the payment of the required fees, the [said chief inspector] *commissioner of buildings* shall issue a permit for the installation of said apparatus. No permit shall be required for emergency repairs. Where water is to be used for cooling the refrigerant or for other cooling purposes, no permit for the installation of a refrigerating plant shall be granted unless the plans and specifications have been submitted to the department of water and sewers and the board of health and said departments have issued a permit for the use of water from the city water mains.

In all cases where hydrostatic pressure test is used, an internal examination of such apparatus shall afterwards be made.

"17-2B.7. Any boiler, tank, jacketed kettle, generator, or reservoir having been in use eight years or more and in such condition that in the opinion of the inspector the same should be drilled in order that the exact thickness and condition may be ascertained, shall be reported to the Commissioner of Environmental Control who shall serve the owner or agent with a written notice to show cause to the said Commissioner of Environmental Control within five days why such boiler, tank, jacketed kettle, generator, or reservoir should not be drilled. If, after the owner or agent had been heard, or at the end of five days, the Commissioner of Environmental Control deems it necessary, then such boiler, tank, jacketed kettle, generator or reservoir may be drilled at points near the water line, and at the bottom of the shell of the boiler, or at such other points in the boiler, tank, jacketed kettle, generator, or reservoir as the inspecting officer may direct, and the thickness of said material shall be determined thereafter at such annual inspection as the inspecting officer may deem necessary, and the steam pressure or other pressure allowed shall be governed by such ascertained thickness and general condition of boiler, tank, jacketed kettle, generator or reservoir. 2. The ultimate incidence of and liability for payment of said tax shall be borne by the grantee or purchaser involved in any such transaction. The tax herein levied shall be in addition to any and all other taxes. It shall be the duty of the person or persons making or effectuating the sale, or transfer or registration to pay the tax provided by this Section; provided, however, that this subdivision shall not apply to any transfer wherein the vendor or transferor is a governmental entity or international organization and is not subject to the tax.

3. The tax herein levied shall be paid by purchase of tax stamps from the Department of Revenue. It shall be the duty of the person or persons making or effectuating the sale or transfer, to pay to the City of Chicago the tax provided by this Section. Where the declaration is signed by an attorney or agent who has the power of direction to deal with the title to the real estate under a land trust agreement, the trustee being the mere repository of record legal title with a duty of conveying the real estate only when and if directed in writing by the beneficiary or beneficiaries having the power of direction, said attorney or agent need only identify the land trust which is the repository of record legal title and not the beneficiary or beneficiaries having the power of direction under the land trust agreement.

5. *Every deed shall show the date of the transaction which it evidences, the names of the grantor and grantee, and a legal description of the property to which it relates.*

6. *The tax imposed by Section 200.1-2B1 shall not apply to the following transactions, provided said transaction in each case is accompanied by a certificate setting forth the facts or such other certificate or record as the Director of Revenue may require:*

B. No transaction shall be deemed to be by a nonresident and subject to tax at the rates prescribed in this Section unless the papers or documents upon or to which are required to be placed or affixed the stamps required by Sections 200.1-2 A3 and B3 of this Chapter, to denote the payment of the tax imposed by such Sections, have also affixed thereto or placed thereon, a declaration in a form prescribed by the Director of Revenue, signed by the person making the sale or transfer, setting forth facts to show that the transaction is one coming within the provision of this Section.

200.1-4. Exemption of Certain Transactions. A. The taxes exacted by Sections 200.1-2 and 200.1-3 of this Chapter, where applicable, shall not be imposed upon any deliveries or transfers by an executor or administrator to a legatee, heir or distributee of real estate if it is shown to the satisfaction of the Department of Revenue that the value thereof is not greater than the amount of the tax that would otherwise be imposed on such delivery or transfer.

Adhesive stamps for the purpose of paying the tax provided for by this Chapter shall be prepared by the Department of Revenue, in such form, and of such denominations and in such quantities as it may from time to time prescribe, and it shall make provision for the sale of such stamps by its duly authorized agent or agents in such places and at such times as in its judgment may be necessary to accomplish the equitable, efficient and economic collection of the taxes so provided.

2. *The Department of Revenue may from time to time and as often as it deems advisable provide for the issuance and exclusive use of stamps of a new design and forbid the use of stamps of any other design. In order to effect such change and to discontinue the use of stamps of a former design the Department of Revenue shall publish or cause to be published once in each week for each of three months immediately preceeding the time for taking effect of such change, in one or more daily newspapers of general circulation in the City of Chicago, a notice to the effect that, after a certain day, which shall be at least three months after the first publication of said notice, none other than the new issue or design of stamps shall be accepted or made use of in payment of the tax provided for by this Chapter. After such date it shall be unlawful for any person to make use of any other than the new issue or design of stamps in payment of such tax.*

3. *Any person lawfully in possession of unused stamps of an old or superseded issue or design may, within 90 days from the time when such change becomes effective as aforesaid, surrender the same to the Department of Revenue together with a sworn statement setting forth the name and address of the owner and party surrendering said stamps, how, when and from whom the same were acquired and such other pertinent information as the Department of Revenue may require; whereupon the Department of Revenue shall redeem such unused and surrendered stamps by exchanging therefor stamps of a like denomination of the new issue or design.*

B. Sale of Stamps. No person, firm, company, association or corporation other than a duly authorized fiscal agent of the Department of Revenue, shall sell or expose for sale, traffic in, trade, barter or exchange any stamp issued pursuant to this Chapter, without first obtaining from the Department of Revenue its written consent to sell, traffic in, trade, barter or exchange such stamps. No persons shall sell or expose for sale any stamp so purchased or acquired for a sum less than the face value thereof without the written consent of the Department of Revenue. Any person lawfully in possession of unused stamps of the issue then in effect may request the Department of Revenue for its consent to redeem the same. He shall present to the Department of Revenue, if so required, a sworn statement setting forth the name and address of the owner and the party desiring to redeem said stamps, how, when and from whom the same were acquired and such other pertinent and relevant information as the Department of Revenue may require. Thereupon the Department of Revenue may authorize the redemption of such stamps through its fiscal agent appointed for the sale of said transaction revenue stamps.

C. Canceling Stamps. In every case where an adhesive stamp shall be used to denote the payment of the tax provided by this Chapter the person using or affixing the same shall write or stamp thereupon the initials of his name and the date upon which the same shall be attached or used, and shall cut or perforate the stamp in a substantial manner, so that such stamp cannot be again used; provided, however, that the revenue stamp shall not be so defaced as to prevent ready determination of its denomination and authenticity.

200.1-6. Powers of Department of Revenue. D. The name of the purchaser or transferee;

E. The face value of the adhesive stamps affixed;

F. The identifying number of the agreements or memoranda of sale, or lease or rental memorandum used as provided for by Section 200.1-2A4 of this Chapter. This book shall also have recorded therein each separate purchase of transaction revenue stamps, showing the date, the amount and from whom purchased.

G. All memoranda and declarations relating to the transactions taxable under this Chapter, shall be retained and kept for a period of at least four (4) years from the date of the delivery thereof. For the purpose of ascertaining whether the tax imposed by this Chapter has been paid, all such books of account shall at all reasonable times except Saturdays, Sundays and legal holidays, be open to examination by the Department of Revenue or its duly authorized representative.

H. The Department of Revenue may enforce its right to examine such books of account and agreements, memoranda of sale or transfer and lease or rental agreements or memoranda by proceedings in the Circuit Court of Cook County. If the Department of Revenue ascertains that the tax provided for in this Chapter has not been paid, the Corporation Counsel at the instance of the Department shall bring an action in its name as such Department of Revenue, in any court of competent jurisdiction for the recovery of such tax and for any penalty incurred by any person under the provisions of this Chapter.

200.1-7. Registration. A. Every person acting individually or as an association, corporation, firm, company or trustee, engaged in whole or in part in the making or negotiating of transactions subject to the taxes provided by this Chapter, or conducting or transacting a brokerage business involved in said transactions, and every corporation, stock association, company or trustee which shall maintain a principal office or place of business within the City of Chicago, or which shall keep or cause to be kept within the City of Chicago a place for said subject transactions, shall within ten days after the effective date of this ordinance, or within ten days after engaging in said business or after establishing such principal office or place of business, as the case may be, file in the office of the Department of Revenue a certificate setting forth the name under which such business is, or is to be, conducted or transacted, and the true or real full name or names of the person or persons conducting or transacting the same, with the post office address or addresses of said person or persons, unless the party so certified is a corporation or trustee, in which event it shall set forth its said principal office or place of business and when and where incorporated or organized. Said certificate shall be executed and duly acknowledged by the person or persons so conducting or intending to conduct said business or by the president or secretary of the corporation as the case may be.

B. In the event of a change in the persons composing such firm, company or association or of the persons acting as such trustees or of the address of any such person, firm, company, association, corporation, or trustees, or termination of such business or relationship, a similar certificate setting forth the facts with respect to such change or termination shall be filed in the office of the Department of Revenue within ten days thereafter.

200.1-8. Credits and Refunds. A. Whenever it appears that an amount of tax, interest or penalty has been paid in error to the Department of Revenue by a person, association, firm, partnership, corporation, receiver, executor, conservator, trustee or other representative appointed by any court (hereinafter referred to as "taxpayer"), who is required or authorized to collect and remit such transaction tax, whether such amount be paid through a mistake of fact or an error of law, such taxpayer may file a claim for credit with the Department of Revenue on forms provided by said Department for that purpose. No credit shall be allowed for any amount paid by such taxpayer unless it appears that he bore the burden of such amount and did not shift the burden thereof to another person, or unless it appears that he or his legal representative has unconditionally repaid such amount to a person who bore the burden thereof and has not shifted such burden directly or indirectly in any manner whosoever, or who, if he has shifted such burden, has repaid unconditionally such amount to the person to whom the burden of such amount was shifted, and who is not entitled to receive any reimbursement therefor in any other manner whatsoever.

B. Any credit or refund that is allowed under this Section shall bear interest at the rate of one-half of 1% per month, or any fraction thereof, from the date when the erroneous payment for which credit or refund is being allowed was made to the Department of Revenue, until a credit memorandum is issued or a refund is paid.

C. A claim for credit shall be considered to have been filed with the Department of Revenue on the date upon which it is received by the Department and receipt of any claim for credit filed under this Section may be acknowledged by the Director or any designated person on his behalf, said receipt to describe the claim in sufficient detail as to identify it, and to state the date upon which the claim was received by the Department.

D. As soon as practicable after a claim for credit is filed, the Director of Revenue, or his designate, shall examine the same and determine the amount of credit due in a Notice of Tentative Determination of Claim and shall notify the claimant of such determination. In the event said determination is challenged, such claimant shall file a protest and challenge thereto within 20 days after receipt of Notice of Tentative Determination of Claim, and the Director of Revenue, or his designate, shall provide a hearing thereon within ten days after receipt of notice of protest for challenge, giving notice to the claimant of said hearing not less than five days prior thereto, setting forth the time and place fixed for such hearing. A final determination of claim shall be made as a result of said hearing not more than ten days after said hearing. In the event no protest or challenge to the Tentative Determination of Claim is filed within the 20 day period hereinabove set forth, said notice shall thereafter become and operate as a final determination.

E. The Director of Revenue may in his discretion issue a letter of credit to a taxpayer who may be able to use said credit in the forseeable future or a refund certificate in lieu of a credit memorandum or application by a person who cannot use said credit, or sell or assign the same to another taxpayer. Refund certificates shall be numbered serially as they are issued and shall be paid in the order of their issuance from funds

that are appropriated to the Department of Revenue for that purpose.

200.1-9. Miscellaneous Provisions. A. Any person who shall be required to collect a transaction tax from such other person designated under this ordinance shall collect said tax as a trustee for and on account of the City of Chicago and shall pay said tax over to the Department of Revenue of the City of Chicago under the terms of this Chapter and such other and further rules and regulations as may be promulgated by the Department of Revenue.

B. All proceeds resulting from the imposition of the tax under this Chapter, including interest and penalties, shall be paid into the treasury of the City of Chicago and shall be credited to and deposited in the corporate fund of the City.

C. If the Mayor, after hearing held by or for him, shall find that any person has wilfully evaded payment of the tax imposed by this Chapter, he may suspend or revoke all City licenses held by such tax evader. Said person shall be given an opportunity to be heard in such hearing, which shall be held not less than 5 days after notice of the time and place of the hearing to be held, addressed to him at his last known place of business. Pending notice, hearing and finding, any City license possessed by said person may, in the discretion of the Mayor, be temporarily suspended. Any suspension or revocation of any license shall not release or discharge said person from his civil liability for the payment of the tax, nor from prosecution for such offense.

200.1-10. Penalties and Remedies. Any person found guilty of violating, disobeying, omitting, neglecting, or refusing to comply with, or resisting or opposing the enforcement of any of the provisions of this Chapter, except when otherwise specifically provided, upon conviction thereof shall be punished by a fine of not less than Fifty Dollars ($50.00) nor more than Three Hundred Dollars ($300.00) for the first offense and not less than Two Hundred Dollars ($200.00) nor more than Five Hundred Dollars ($500.00) for the second and each subsequent offense in any 180-day period; provided, however, that all actions seeking the imposition of fines only shall be filed as quasi-criminal actions subject to the provisions of the Illinois Civil Practice Act (Ill. Rev. Stat. 1971, ch. 110, pars. 1 et seg.). Repeated offenses in excess of three within any 180-day period may also be punishable as a misdemeanor by incarceration in the county jail for a term not to exceed six months under the procedure set forth in Section 1-2-1.1 of the Illinois Municipal Code (Ill. Rev. Stat. 1971, ch. 24, par. 1-2-1.1) and under the provisions of the Illinois Code of Criminal Procedure (Ill. Rev. Stat. 1971, ch. 38, pars. 100-1, et seg.), in a separate proceeding. A separate and distinct offense shall be regarded as committed each day upon which each person shall continue any such violation, or permit any such violation to exist after notification thereof.

200.1-11. Severability. If any provision, clause, sentence, paragraph, section, or part of this Chapter, or application thereof to any person, firm, corporation, public agency or circumstance, shall, for any reason, be adjudged by a court of competent jurisdiction to be unconstitutional or invalid, said judgment shall not affect, impair or invalidate the remainder of this Chapter and the application of such provision to other persons, firms, corporations, public agencies or circumstances, but shall be confined in its operation to the provision, clause, sentence, paragraph, section, or part thereof directly involved in the controversy in which such judgment shall have been rendered and to the person, firm, corporation, public agency, or circumstances involved. It is hereby declared to be the legislative intent of the City Council that this Chapter would have been adopted had such unconstitutional or invalid provision, clause, sentence, paragraph, section, or part thereof not been included.

Section 2. This ordinance shall take effect on and after ten days from the date of its due passage and publication.

Action Deferred—ON PROPOSED ORDINANCE PROVIDING FOR INCREASE IN MUNICIPAL UTILITIES TAX RELATING TO DISTRIBUTION OF ELECTRICITY.

The Committee on Finance submitted the following report, which was, at the request of two aldermen present (Alderman Keane and Alderman Bilandic) *Deferred* and ordered published:

CHICAGO, December 4, 1973.

To the President and Members of the City Council:

Your Committee on Finance to which was referred a communication dated November 14, 1973 from the Office of the Mayor transmitting an ordinance providing for an increase in the municipal utilties tax relating to the distribution of electricity having had the same under advisement, begs leave to report and recommend that Your Honorable Body pass the proposed ordinance transmitted herewith.

This recommendation was concurred in by 12 members of the committee with 2 dissenting votes.

Respectfully submitted,

(Signed) THOMAS E. KEANE,
Chairman.

The proposed ordinance transmitted with the foregoing committee report reads as follows:

Whereas, The General Assembly of the State of Illinois has authorized the corporate authority of any municipality to impose a tax upon persons engaged in the business of distributing, supplying furnishing or selling electricity at a rate not to exceed five per cent of the gross receipts from such business originating within the corporate limits of the municipality; and

Whereas, The General Assembly has authorized such utility to charge its customers an amount equal to such municipal tax, plus an amount sufficient to cover the cost of accounting; and

Whereas, A tax upon those engaged in the business of distributing, supplying, furnishing or selling electricity was imposed at the rate of five per cent by ordinance passed December 1, 1955, said ordinance containing a provision (Section 132-21 of the Municipal Code of Chicago) authorizing a setoff or credit to be applied against said tax in an amount equal to the four per cent franchise payment being made by Commonwealth Edison. The additional one per cent imposed under this formula by said ordinance has been passed on to the customers of the said utility; and

Whereas, Said setoff provision of the December 1, 1955 ordinance has had the effect of insulating the taxpayer from the utility tax, said tax having been held by the Illinois Supreme Court (*City of East St. Louis v. Union Electric Company,* 31 Ill. 2d 532) to be in effect a tax on the consumer of electric energy rather than a tax upon the utility; and

WHEREAS, It is the intention of the City Council of the City of Chicago by action taken herein to more clearly adapt the distinction made by the Illinois Supreme Court between the municipal utility tax and a payment made under a franchise ordinance—the former paid by the consumer of electric energy and the latter paid by the utility—and thereby generate additional revenues; and

Whereas, Such tax shall be in addition to the payment of money, or value of products or services furnished to this municipility by any electric utility as compensation for the use of streets, alleys, or other public places, or installation and maintenance therein, thereon, or thereunder of poles, wires, pipes or other equipment used in the operation of distributing, supplying, furnishing or selling electric energy; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

Section 1. The Municipal Code of Chicago is amended in Chapter 132, Section 132-17 by deleting therefrom the words and figures contained in brackets below and inserting in lieu thereof the words and figures in Italics below so that said section will read as follows:

"132-17. A tax is imposed upon all persons engaged in the business of distributing, supplying, furnishing or selling electricity for use or consumption within the corporate limits of the city, and not for resale, at the rate of [five] *four* per cent of the gross receipts from such business after December 31, [1955] *1973,* subject, however, to all the provisions, conditions and limitations in section [23-113 of the Revised Cities and Villages Act] *8-11-2 of the Illinois Municipal Code 1961,* authorizing this tax, and to all the provisions, conditions and limitations in this ordinance, consistent with the powers conferred upon the city by said section and other relevant law."

Section 2. Section 132-21 of the Municipal Code of the City of Chicago is amended by inserting therein the following new language in Italics below:

"132-21. *No* credit on the amount of tax computed by the taxpayer or by the Comptroller shall be allowed to any taxpayer for accrued compensation to the City on taxpayer's gross operating revenue at the rate provided by any subsisting franchise ordinance granting to the taxpayer or the taxpayer's supplied the right, permission and authority to use the streets and public property of the City for construction, maintenance or operation of any plant or equipment used or useful in distributing, supplying, furnishing or selling electricity. *The express purpose of this tax is to generate revenue in addition to whatever revenues are established in franchise or other contractual agreements which are in effect or may come into effect with the taxpayer.*

Section 3. In all other respects Sections 132-16 through 132-29 of the Municipal Code of Chicago being and pertaining to a tax imposed upon all persons engaged in the business of distributing, supplying, furnishing or selling electricity be, and the same hereby are, in full force and effect.

Section 4. This ordinance shall take effect from and after its passage.

The proposed resolution transmitted with the foregoing committee report reads as follows:

Whereas, The Compensation Plan for City positions as set forth in the Annual Appropriation Ordinance promotes greater efficiency; and

Whereas, The adoption of the Plan establishes salary schedules for the various classifications

based on the prevailing wages and salaries and the nature and responsibility of the positions; and

Whereas, The Plan establishes a sound and equitable personnel policy throughout the City service, encourages qualified men and women to seek a career in City service, and reduces turn-over. Longevity provisions in the Plan insure recognition of long and faithful service to the City. It will simplify budgeting of personal services in all departments; and

Whereas, The Budget takes into consideration the provisions of the Compensation Plan; and

Whereas, In order to coordinate the provisions and the appropriate rules relating to such Compensation Plan and the provisions of the budget providing for salaries, it is desirable that the following declaration by the City Council be adopted; now, therefore,

Be It Resolved, That the following provisions governing the administration of the Compensation Plan as set forth in the Annual Appropriation Ordinance and Employee Benefits, be adopted:

REGULATIONS GOVERNING THE ADMINISTRATION OF THE COMPENSATION PLAN AND EMPLOYEE BENEFITS FOR CLASSIFIED POSITIONS SET FORTH IN THE ANNUAL APPROPRIATION ORDINANCE.

A. PURPOSE

These regulations contain provisions governing compensation administration, and benefits for all classified positions under the jurisdiction of the Civil Service Commission in the departments and offices which are subject to control and regulation by and for which compensation is required to be fixed by the Mayor and the City Council of the City of Chicago, except the positions in the Chicago Board of Education and City College of Chicago, Community College, District 508; and for all positions in the department which are exempted from the jurisdiction of the Civil Service Commission, but which are subject to the control and regulation by, and for which compensation is required to be fixed by the Mayor and the City Council of the City of Chicago.

B. ADOPTION AND DEFINITION OF THE COMPENSATION PLAN

(1) *Adoption of the Compensation Plan.*

(a) The salary schedules, including a range of pay for each class grade, as set forth in Schedules B, E, G and S, Base Salary Schedules for Civil Service classified positions, except positions with single rates, and positions in the exempt offices; Schedules C and T Longevity Salary Schedules for the positions covered by Schedules B and S, Schedule D Salary Schedule for Uniformed Firefighters and Sworn Police Personnel hereof shall constitute the compensation plan for the City employees in departments which are subject to the control of the Mayor and the City Council. (c) The salary schedule for Physicians and Dentists shall be as set forth in Schedule E. Except as otherwise provided herein, the salary upon initial appointment to any position shall be at an entrance rate, and advancements by successive steps from each specified salary rate to the next higher rate shall be made on the basis of satisfactory service for at least the period specified in the schedule for each category of Dentist, Medical General Practitioner or Medical Specialist. Additional compensation may be paid for each Medical Practitioner upon his becoming Board Eligible and/or Board Certified as specified in Schedule E II. Supervisory responsibility will be recognized in Salary Schedule E III by the payment of additional compensation as delineated in the supervisory responsibility category.

(2) *Base Salary Schedules.*

Each base salary range in Schedules B, G, and S includes an entrance rate, an intermediate rate or rates and a maximum rate. The normal entrance rate shall be the rate to be designated in the salary schedule for all salaried positions. Except as otherwise provided herein, the salary upon initial appointment to any position shall be at the entrance rate and advancement by successive steps from a specified salary rate to the next higher rate shall be made on the basis of satisfactory service for at least the periods specified in the schedules.

(3) *Longevity Salary Schedules.*

Each longevity salary range in Schedules C and T includes longevity pay rates. After at least one year of satisfactory service at the maximum rate of a base salary range, each salaried employee may be advanced to the first longevity rate of that range when he has completed the required amount of continuous service with the City as indicated in Schedule C or Schedule T. Advancement by successive steps to the next higher rate or rates shall be made on the basis of satisfactory continuous service for at least the periods specified in the schedules.

(4) *Salary Schedules for Uniformed Firefighters and Sworn Police Personnel.*

The Salary Schedules for Uniformed Firefighters and Sworn Police Personnel shall be as set forth in Schedule D. Except as otherwise provided herein, the salary upon initial appointment to any position shall be at the entrance rate and advancement by successive steps from each specified salary rate to the next higher rate shall be made on the basis of satisfactory service for at least the period specified in the schedule. For positions which are professional, supervisory and executive in character, the normal work weeks of 35 to 40 hours

generally apply, but the compensation is intended to be appropriate for the class regardless of variations in the time that may be required to satisfactorily fulfill the responsibilities of the positions.

(6) *Computation of Salaries of Part-Time Employees.*

A professional employee occuping a position in Schedule B, Schedule E, or Schedule S who is regularly employed on a continuing work schedule of less than 35 hours per week except those employees paid on an hourly basis, shall be compensated on the following basis:

Any other employee who is employed on a part-time schedule shall be paid for hours actually worked at an appropriate hourly rate equivalent to the entrance salary rate of the position or the hourly rate set forth in the Annual Appropriation Ordinance at the number of hours set forth in the Annual Appropriation Ordinance.

(7) *Continuity of Service.*

Service requirements for advancement within the salary ranges and for other purposes as specified in this resolution shall have the implication of continuous service with the City of Chicago, including the positions which are exempt from the jurisdiction of the Civil Service Commission. This means continuously paid employment without a break or interruption; provided that any absence on leave without pay or layoffs for 30 days or less or absence in individual cases adjudged eligible for duty disability compensation or absence on military leave as set forth in Chapter 24½, paragraph 151 of the Illinois Revised Statutes, shall not affect the continuity of service. All separations, discharges and resignations not followed by reinstatement within one year, shall interrupt continous service and shall result in the loss of all prior service credit. Time on a civil service reinstatement list of more than one year, where at least one offer of re-employment has been made and waived or refused, shall interrupt continuous service and shall result in the loss of all service credit. Personnel who are paid by voucher shall receive no credit for continuity of service for the period they are paid by voucher.

The benefits provided for in policies to be issued by approved companies shall all be comparable in order that each employee will receive comparable benefits for the premium paid; and policy provisions and rates shall all be approved by the Mayor and the City Comptroller and the same shall be approved by the Corporation Counsel as to form and legality. The policy or policies shall be kept on file with the City Comptroller. Each insurance company shall report to the City Comptroller and the Committee on Finance of the City Council setting forth the number of employees insured, the name and amount expended on behalf of each employee or his beneficiaries and the number of claims pending together with the names of the claimants and the amounts claimed. Each company shall file said reports on or before the first day of August and the first day of February for the prior six months ending on June 30th and December 31st.

The enrollment period shall commence on January 2nd and shall terminate on January 31st of each year, except for new employees who shall be eligible for coverage upon request. All employees shall have not less than ninety (90) days accumulated employment with the City in order to be eligible for coverage. Where more than one member of a family is employed by the City, only one coverage will be allowed.

C. Application and Interpretation of the Employee Benefit and Compensation Plan

(1) *Starting Rate on Initial Employment.*

Original appointments to any positions shall be made at the entrance rate of the salary range prescribed for the applicable class grade. In exceptional cases, upon recommendation by the department head, the Civil Service Commission, the Budget Director and the Chairman of the Committee on Finance of the City Council, or in the cases of positions in the Law Department by the Corporation Counsel, or in the Board of Election Commissioners by the Chairman thereof, and upon the approval of the Budget Director and the Chairman of the Committee on Finance of the City Council, original appointment may be made at a base rate above the normal entrance rate. Entrance above the base rate shall be based on the outstanding and unusual character of the applicants education, experience and training over and above the minimum qualifications specified for the class.

(2) *Starting Rate on Return to Duty.*

When an employee returns to duty in a position of the same class grade after a separation from the City service of not more than one calendar year, which separation was not due to discharge or resignation for cause, such employee shall receive the rate in the applicable salary range of the step corresponding to the step at which paid at the time of separation, and shall subsequently serve thereat for at least such additional period as required for advancement to the next higher step.

(3) *Starting Rate Following Promotion.*

When an employee is promoted from one position to a position in a higher class grade, except in Schedule E, such employee shall be paid at a rate that will provide an increase in salary of approximately five percent (5%) over the last salary paid, except that such employee shall be paid at least the entrance rate of the new position, even though this may produce an increase in excess of the aforementioned limitation. This action shall be effective on the first day of a pay period and shall not precede the receipt of the Personnel Action Report (CS14) at the Civil Service Commission.

(4) *Starting Rate on Reclassification of Position.*

In the event that a position is reclassified from one class of positions to another class of positions in the same class grade, except in Schedule E, the incumbent of such position when appointed to the new position by proper authority shall retain the salary he received in the former position.

In the event that the class grade for a class of positions is changed to a higher class grade by the appropriate authority, the incumbent of such position shall retain the rate of pay received in the former grade, and shall receive such rate of pay for such additional period as may be required for advancement to the next higher rate of pay, provided that such employees shall be paid at least the entrance rate for the new grade.

In the event that the class grade for a class of positions is changed to a lower class grade by the appropriate authority, the incumbents of such positions shall retain the salary received in the higher salary range.

(5) *Starting Rate on Appointment to a Position of a Lower Class Grade.*

In the event that an employee is appointed to a position of a lower class grade, than that of his former position, such employee shall be paid at the same step in the lower class grade as he had been paid in the higher class grade, provided that when an employee receives a civil service promotion to a position which is of a lower class grade than the position in which he is employed, the salary of said employee in the new position shall be based upon length of service in the position from which he is being promoted plus the length of service in the higher class grade position.

(6) *Anniversary Dates and Salary Schedule Advancement Following Salary Adjustment.*

After initial appointment to a classified position under the jurisdiction of the Civil Service Commission or to a position in the exempt offices, the anniversary date for an employee for purposes of advancement within a salary range shall be adjusted to coincide with the date of any action which increases the pay of the employee. Such action may be in the form of pay advancement within a salary range, promotion, reclassification of the position or change of class grade of the position.

(7) *Limitation of Salary Adjustments.*

Personnel actions which result in increases in pay by means of advancement within a salary range, promotion, reclassification of position, or change of class grade or position shall be made as set forth herein, provided that no employee shall receive the benefit of more than two such actions in any calendar year, unless a supplemental action is recommended by the department head and is approved (a) by the President of the Civil Service Commission for positions under its jurisdiction, or (b) by the appointing authority for positions in the exempt offices, and (c) the Budget Director and the Chairman of the Committee on Finance of the City Council.

(8) *Accumulation of Service in One Class of Positions.*

Whenever an employee accepts work of the same or of a higher level under a different class of positions and later returns to his former same or lower position, his term of employment under such different class of positions shall apply on and be added to his term of service in the same or lower class upon his return to same, for the purpose of determining the appropriate rate of pay within the range appropriate for the class; provided his employment in the City service has been continuous as hereinbefore defined.

(9) *Recommendations for Pay Advancement within a Salary Range.*

The department head concerned shall recommend in writing to the Civil Service Commission the advance in salary of each employee in his department whose performance so merits and who has met the requirements for salary advancement within the range for his position in accordance with the service requirement specified in Section B dealing with the base salary schedules and longevity schedules. In the case of a classified position under the jurisdiction of the Civil Service Commission this recommendation shall include a certification that the employee has a performance rating of not less than 70, as computed in accordance with the Performance Rating Guide issued by the Civil Service Commission. In cases where the department head intends to withhold a salary increase and where the employee's overall performance rating is 70 or above, the department head shall communicate in writing at least fifteen (15) days prior to the effective date, to the Civil Service Commission the reasons for such proposed action and the Civil Service Commission shall review and approve or disapprove such action in writing.

The effective date of any advancement within the Compensation Plan shall be at the first day of the next day period following the date of advancement is recommended and authorized as provided herein and approved by the Civil Service Commission or by the appointing authority for positions in the exempt offices.

D. Prevailing Rate Positions

A prevailing rate (PR) position is hereby defined as one for which the rate is established under acceptable evidence of the wage prevailing in industry. Such positions are usually craft, labor or trade positions, and are not paid under the provisions of the Compensation Plan.

In the event that the pay basis for a position is changed from a prevailing rate basis to a salary schedule in a class grade, the incumbent shall receive the lowest rate in the salary schedule that will not result in a decrease in salary. The Compensation Plan provisions shall thereafter govern.

In the event that an employee is appointed from a position paid on a prevailing rate basis to another position classified and paid under the Compensation Plan, such employee shall be given credit for the time served in the former position in determining the salary rate, provided that the duties performed in the new position shall be in the same line and character of work as the duties performed in the former position; further, that any increase in salary shall not exceed five per cent (5%), and provided further that the employee shall in no case receive less than the minimum rate of the salary range of the new position. Such request shall be submitted in the appropriate form.

REPORTS AND COMMUNICATIONS FROM CITY OFFICERS.

Referred—PROPOSED ORDINANCE TO AMEND MUNICIPAL CODE RELATING TO LANDING AND OTHER CHARGES FOR FLIGHT OPERATIONS OF MEIGS FIELD.

Honorable Richard J. Daley, Mayor, submitted the following communication, which was, together with the proposed ordinance transmitted therewith, *Referred to the Committee on Finance:*

OFFICE OF THE MAYOR
CITY OF CHICAGO

December 14, 1973.

To the Honorable, The City Council of the City of Chicago:

LADIES AND GENTLEMEN—At the request of the Commissioner of Aviation, I transmit herewith an ordinance amending the Municipal Code of Chicago as the same relates to landing and other charges for flight operations into and out of Meigs Field.

Your favorable consideration of this ordinance will be appreciated.

Very truly yours,
(Signed) RICHARD J. DALEY,
Mayor.

Tribute Paid to Late David Ben-Gurion.

Honorable Richard J. Daley, Mayor on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, Almighty God, in His Infinite Wisdom has called to his eternal reward on December 1, 1973, David Ben-Gurion, a founding father of modern Israel and its first Premier; and

WHEREAS, David Ben-Gurion was born in Plonsk, Poland on October 16, 1886. He adopted the name Ben-Gurion as a journalist in Jerusalem because he thought it had a resonant Old Testament ring. The Hebrew word "Ben" means "Son of," and "Gurion" means "Lion Cub." He emigrated to Palestine as a young man of twenty in 1906, kindled by Theodore Herzl's Aim for a Jewish Commonwealth. Ben-Gurion's formal education did not go much beyond the Plonsk Jewish schools but he acquired an excellently stocked mind through wide reading, particularly in history. Possessed of tremendous concentration, he became in his lifetime a keen student of Greek and Eastern Philosophies. He achieved a brilliant reputation as a linguist through his mastery of English, Russian, Greek, Yiddish, Turkish, French and German. He read but did not speak Arabic and also studied Spanish; and

WHEREAS, Ben-Gurion's early life in Palestine included work as a farm laborer for wages just sufficient to provide him with a room and one meal a day. He displayed a natural ability to negotiate labor disputes and soon had considerable prestige among his fellow workers. He began to write for the Zion party newspaper and was elected to the three man Administrative Committee of the Zion party in 1907. Throughout the years, he fought hard and consistently for the establishment of a Jewish state and repeatedly reiterated his position that "Zionism has no content if you do not constantly bear in mind the building of a Jewish State." He also impressed upon his colleagues in this endeavor that "such a state is only possible on the basis of a maximum number of workers." He faced many trials and tribulations on the path to the establishment of a State of Israel, but saw the culmination of his efforts crowned with success with the passage of the United Nations Resolution of November 29, 1947 which resolved to partition Palestine into Jewish and Arab states; and

WHEREAS, Ben-Gurion's continued and dedicated efforts to establish an economically viable and secure state of Israel are legion and too numerous to mention in detail in a Memorial Resolution. He was, however, a self-effacing man who attributed the strength of Israel not to any one person, but rather to its people and the character of the country, its faith in itself, its sense of responsibility, both individual and collective. He believed that any statesman who saw himself as the determining factor in the fate of his country was harmful and dangerous. David Ben-Gurion never stood much on ceremony. When Mrs. Ben-Gurion was asked once whether her husband should be addressed as "Prime Minister" or "Mr. Ben-Gurion," she reportedly said, "Call him Ben-Gurion. Anyone can be a prime minister, but not everyone can be a Ben-Gurion."; and

WHEREAS, Ben-Gurion's passing will be mourned not only by the people of Israel and Jews throughout the world but by people of all nations and religious beliefs throughout the world. He was a towering symbol of man's struggle for liberty and human dignity, the builder of a nation, the hope of millions, a giant among statesmen of our time—and yet a most humble and gentle human being. The world has lost a very great man; now, therefore,

Be It Resolved, That the Mayor and members of the City Council in meeting assembled this 14th day of December, A.D., 1973, publicly express their great sorrow at the passing of David Ben-Gurion, distinguished statesman and humanitarian, a founding father and first premier of Israel and extend to the people of Israel their sincere sympathy.

Alderman Wigoda moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Wigoda (seconded by Aldermen Simon, Natarus, Stone and Cohen) the foregoing proposed resolution was *Adopted,* unanimously, by a rising vote.

All of the Aldermen spoke in glowing terms of the accomplishments of the late Premier, saying that he had been a great man in his time and that he would have been considered great in any age. They spoke of his compassion for the Israeli soldiers and for those Arabs who were slain. He was lauded as having been an outstanding speaker, one without peer. He was hailed as having been the George Washington of Israel for having created the only democracy in the Middle East.

Appreciation Extended to Dorothy Rubel Upon Retirement.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, Dorothy Rubel is retiring this month from her position as Director of the Metropolitan Housing and Planning Council, which position she has held since 1946; and

WHEREAS, Mrs. Rubel has served her community in numerous worthwhile activities during her entire adult life; and

WHEREAS, Included within the many organizations to which she has devoted her time for the public good are the Parent Teacher Association, The Women's Joint Committee On Adequate Housing, and the Metropolitan Housing and Planning Council; and

WHEREAS, Mrs. Rubel being the veteran First Lady of slum clearance, housing code reform, conservation, and a dozen other endeavors which aim at cleansing the City of blight and preserving its amenities; and

WHEREAS, Mrs. Rubel's activities in the field of housing started at a time when there was a catastrophic need for increased public and private attention to the problems associated with inadequate housing; and

WHEREAS, Through the significant contribution of Mrs. Rubel working with both private and public agencies, and based upon the ever increasing attention paid to the problems of housing to improve the quality of life in our community since 1946—in great part due to her efforts—a start has been made to not only focus attention on the problems of inadequate housing but to attack them and prevent them from recurring; and

WHEREAS, The Metropolitan Housing and Planning Council, founded only 39 years ago, and guided by Mrs. Rubel since 1946, has played a substantial role in many of the Chicago Area's most important improvements and conservation programs—due in major part to Mrs. Rubel's efforts—helping enact key state and federal housing legislation, originating Chicago's slum clearance procedures, pioneering in neighborhood conservation, developing the city's first workable housing code, initiating metropolitan-wide planning, and conceiving the now nationally used rent supplement technique for low income housing; now, therefore,

Be It Resolved, That the Mayor and Members of the City Council of the City of Chicago, in meeting assembled this 14th day of December, A.D., 1973, do hereby express their appreciation for the outstanding labors of Mrs. Dorothy Rubel in the service of this community, and their best wishes to her in whatever may be her endeavors in the future; and

Be It Further Resolved, That a suitable copy of this Resolution be presented to Mrs. Dorothy Rubel.

Alderman Bilandic moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Bilandic (seconded by Alderman Despres, Evans and Singer) the foregoing proposed resolution was *Adopted,* unanimously.

The Committee on Finance submitted a report recommending that the City Council pass the following proposed ordinance transmitted therewith:

WHEREAS, The City of Chicago has entered into a lease agreement with Eastern Airlines, Inc., dated October 16, 1967, as amended, for the lease of certain premises at Chicago-Midway Airport; and

WHEREAS, Under the terms of said lease, Eastern Airlines, Inc., must first obtain the approval of the City Council of the City of Chicago prior to subleasing any or all of said premises; and

WHEREAS, Eastern Airlines, Inc., desires to sublease 310 square feet of space in the buildings built on the leased premises to Aircraft Services International, Inc., for use solely for operations offices and purposes incidental thereto and has executed a sublease agreement as follows:

SUBLEASE

This Sublease made as of March 1, 1973, by and between Eastern Air Lines, Inc. (hereinafter referred to as "Eastern") and Aircraft Services International, Inc. (hereinafter referred to as "Aircraft Services").

WITNESSETH:

Whereas, Under date of October 16, 1967, the City of Chicago (hereinafter referred to as the "City") entered into an Agreement (hereinafter referred to as the "Agreement") with Eastern for the lease from the City to Eastern of certain premises at Chicago Midway Airport, and more specifically described therein; and

Whereas, Eastern and Aircraft Services now desire to enter into a sublease of a portion of said premises;

Now, Therefore, in consideration of the premises and the mutual covenants and agreements herein contained, the parties hereto mutually agree as follows:

1. Subject to obtaining approval of this Sublease from the City Council of the City of Chicago, Eastern hereby leases to Aircraft Services certain space known as Rooms A1-1A, and A1-1B as shown on the attached exhibit consisting of 310 square feet for use and occupancy by Aircraft Services solely for operations offices and purposes incidental thereto, and in addition to the aforesaid space, Aircraft Services is hereby granted the right to use jointly with Eastern the restrooms near the leased premises and pedestrian access to the premises, if required, through adjoining public or common space in common with others, and to the extent that Eastern has said rights under the Agreement, as well as right of pedestrian access to the premises, only if necessary, through adjoining areas exclusively leased by Eastern subject to reasonable rules and restrictions to be imposed by Eastern.

2. The term of this agreement, unless sooner terminated as herein provided, shall be for a period commencing on March 1, 1973 and terminating on December 31, 1974.

3. As rental for said space and uses, Aircraft Services agrees to pay Eastern during the term hereof the sum of One Hundred Fifty-five and No/100 Dollars ($155.00) monthly in advance.

4. Eastern shall not be obligated to supply any utilities or services to Aircraft Services except as they may be presently provided to the premises through existing systems, and facilities, and any sums paid by Eastern for said utilities and services or for the maintenance and operation of the systems and facilities shall be reimbursed by Aircraft Services; said reimbursement sum to be prorated to the premises leased herein on any reasonable basis which Eastern may from time to time select, said proration being 4.89%.

5. This sublease shall be subject to, and said use and occupancy shall be in compliance with, all covenants, conditions and obligations imposed by the Agreement aforementioned, as heretofore or hereafter amended, and all rules and regulations promulgated pursuant thereto.

6. Aircraft Services hereby agrees to indemnify and hold the City and Eastern harmless from and against any and all liabilities, judgments, costs, damages and expenses which may accrue against, be charged to, or recovered from the City or Eastern by reason or on account of damage to the property of the City or Eastern or the property of, injury to, or death of any person arising from Aircraft Services use and occupancy of said space including acts of its agents, contractors and subcontractors except when caused by the sole negligence of Eastern, its agents, contractors and subcontractors. Aircraft Services further agrees to furnish the City and Eastern with evidence of insurance of the type and in the amounts as may be requested by the City and Eastern.

7. Aircraft Services shall procure (and maintain in effect throughout the term of lease) in any reasonable limits of coverage that may be requested by Eastern or the City of Chicago, Comprehensive Public Liability Insurance and, upon notice from Eastern or the City, any other type of insurance that may from time to time be reasonable and usual as related to the use and occupancy of the Leased Premises, which policies shall be with an insurer or insurers satisfactory to Eastern and Lessor under the Basic Lease, and naming, where appropriate, Eastern as an additional assured thereunder. All such insurance policies shall be endorsed to waive its insurance company's rights of subrogation. Said policies shall also contain provisions requiring insurers to give Eastern ten (10) days' written notice prior to cancellation thereof or prior to any material change. Certificates evidencing issuance of said policies and the inclusion of the waiver of subrogation therein shall be furnished to Eastern prior to assuming possession of premises and renewal certificates shall be furnished at least fifteen (15) days prior to expiration date of policy being renewed.

8. Eastern reserves to itself and the City the right to enter the premises, temporarily discontinue utilities or services, and temporarily interrupt or interfere with access to the premises for the purpose of inspection, remedying any defaults, or for the purpose of making repairs, replacements, alterations, or improvements in or about the premises or any other areas on the Airport, when desirable in the opinion of Eastern or the City. Neither the City nor Eastern shall in any way be liable for any interruptions or interferences as aforesaid. Eastern also reserves the right to itself and City to retain, install, and maintain lines, wires, piping, valves, meters, ducts and antenna, as may be necessary or desirable to Eastern and/or the City.

9. Aircraft Services shall keep and maintain the exclusively leased space in good condition and repair, and, unless otherwise agreed upon, shall obtain at its sole cost and expense usual janitorial services to maintain said space in a clean, neat, orderly and presentable condition.

10. Aircraft Services takes the premises "As Is" and agrees that no alterations or improvements are herein to be required of Eastern. Aircraft Services may, however, at its sole cost and expense make alterations or improvements to the premises subject to the prior written consent of Eastern and the Commissioner of Aviation of the City of Chicago.

11. Aircraft Services shall not assign or sublease the premises or permit same to be used by others without the prior written approval of the City Council of the City of Chicago and Eastern.

12. Notices and communications as required hereunder shall be deemed sufficient if sent by certified or registered mail addressed to Eastern Air Lines, Inc., or to Aircraft Services International or to Commissioner of Aviation, Room 1111, City Hall, Chicago, Illinois, 60602 or to such other addresses as the parties may designate from time to time.

13. This sublease shall be terminated prior to expiration under any of the following circumstances:

a) At the option of either party upon sixty (60) days written notice to the other.

b) Immediately upon refusal of the City Council of the City of Chicago to authorize approval of this sublease.

c) Immediately upon the termination of the Agreement between Eastern and the City as to the premises leased herein for any reason whatsoever, notwithstanding the fact that the said Agreement may continue as to other premises or uses.

d) If the premises are rendered untenantable by casualty or other means and Eastern and/or City does not intend to repair or rebuild.

In the event of termination, or expiration, as herein provided, Aircraft Services agrees to surrender the premises in good order and condition, reasonable wear and tear excepted, and at Eastern's option restore the premises as nearly as possible to its original condition and layout. In the event of termination as aforestated, rent shall be due and prorated to date of termination and upon surrender in accordance herewith, neither party shall be further liable to the other.

14. Aircraft Services agrees that in performing under this agreement it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color, religion, age, sex, or national origin, nor otherwise commit an unfair employment practice. Aircraft Services will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, creed, color, religion, age, sex, or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Aircraft Services agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause. Aircraft Services further agrees that this clause will be incorporated in all contracts entered into with suppliers of materials or services, contractors and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this agreement.

Code of the City of Chicago, Ch. 198.7A); and the provisions of 41 CFR Chapter 60, and Part 21, Regulations of the Office of the Secretary of Transportation.

To demonstrate compliance Aircraft Services and its contractors and subcontractors will furnish such reports and information as requested by the Chicago Commission of Human Relations.

15. Aircraft Services shall not erect or display any signs in or about the premises without the prior approval of Eastern and the City of Chicago and said approval of Eastern, when obtained, shall create only a license revocable at will of Eastern. Aircraft Services agree not to display or use in identification or advertising the words "Eastern," "East," or "EAL," or other words that could imply a business association with Eastern.

16. This agreement shall be deemed to have been made in and shall be construed in accordance with the laws of the State of Illinois.

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The Mayor is authorized to execute and the City Clerk to attest and affix the seal of the City of Chicago upon an Agreement of Limited Agency between the City and the State of Illinois subject to the approval of the City Comptroller and as to form and legality by the Corporation Counsel; said Agreement to be in the following form:

Two Fire/Crash Rescue Vehicles

This Agreement, made and entered into by and between the Department of Transportation, Division of Aeronautics of the State of Illinois (hereinafter referred to as "Division") for and on behalf of the State of Illinois, party of the first part, and the City of Chicago (hereinafter referred to as "Municipality"), party of the second part.

WITNESSETH:

Whereas, the Municipality has undertaken the improvement and betterment of a public air navigation facility, known as Chicago-O'Hare International Airport and pursuant thereto has sponsored various projects under the Airport and Airway Development Act of 1970; and

Whereas, the Municipality desires to sponsor a project for the further development of said Chicago-O'Hare International Airport to be known as Project No. 8-17-0022-04 under the Airport and Airway Development Program and the provisions of the Federal Airport Act and the regulations promulgated pursuant thereto; and

Whereas, the Municipality has accordingly requested Federal financial assistance in the accomplishment of Project No. 8-17-0022-04 and responsive thereto the Federal Government, through the Federal Aviation Administration, has issued to the Municipality a Tentative Allocation (or Allocations) in the sum of two hundred, forty-six thousand, and no/100 dollars ($246,000.00); and

Whereas, the Municipality has appropriated certain monies for the improvement of Chicago-O'Hare International Airport; and

Whereas, the Municipality has requested the Division to act as its agent in certain matters connected with said Project No. 8-17-0022-04 pursuant to statute; and

Whereas, the parties hereto by this Agreement intend (a) to fix their respective responsibilities, with reference to each other, with reference to the accomplishment of said Project No. 8-17-0022-04 and with reference to participation by the United States, and (b) to designate the parties to accept, receipt for and disburse all funds and payment of the Federal Government and of the Municipality used or to be used in payment of the costs and expenses as shall have been incurred by the parties hereto or either of them.

Now Therefore, for and in consideration of the benefits which will accrue to the parties hereto by virtue of this Agreement and the respective covenants herein contained, it is mutually covenanted and agreed as follows:

1. The Municipality shall be the "Sponsor" of the Project above identified, except as set-forth in paragraph 2 immediately hereafter following:
2. The Division shall contribute financial assistance to the extent hereinafter stated, and furnish project reporting liaison with the Federal Aviation Administration.
3. As between the Municipality, the State of Illinois and the United States, the Municipality shall be the contractual party to such construction contract or contracts as shall be entered into for the accomplishment of the project, subject only to the agency provisions hereinafter set out.
4. Plans, specifications and estimates for said project have been prepared by or at the instance of the Municipality, copies of which will be submitted to the Division of Aeronautics for review prior to the advertising for the bids thereon.
5. The Municipality will provide adequate, capable and qualified Illinois Licensed resident project engineer (s) and materials testing technician (s), and will further prepare and transmit such project reports as shall be required by the Federal Aviation Administration, or the Division, including semi-final and a final inspection report on the project work (or, if more than one construction contract is involved, then on each phase of the project work which is covered by separate contract). In its final inspection report or reports shall certify to the Division that the work involved has been fully completed in accordance with the plans, specifications and contract, as the same shall have been modified or supplemented by change order, supplementary contracts or otherwise, and that such work is accepted.
6. The Municipality hereby designates the Division, as its Agent, and the Division hereby accepts said designation to act as Agent for the Municipality.
   (a) To exercise such direction of the project work as its personnel will permit but limited to a determination that the project is being completed in accordance with plans and specifications, provided that neither the division nor the State shall be held responsible or be chargable for any damage resulting from performance or attempted performance of said project work or for any other cause or reason.
   (b) To accept, endorse and deliver the Municipality, without recourse, all warrants issued by the United States in aid of said project pursuant to this Agreement.
7. The Municipality shall be a signatory party, in its own name, stead, right and behalf, to the Project Application made or to be made to the Federal Aviation Administration; to the acceptance of such Grant Offer as shall be tendered by the United States,

through the Federal Aviation Administration; to such Grant Agreement as shall be executed; and all applications for Grant Payment.

8. The estimated total cost of said project is three hundred thousand and no/100 dollars ($300,000.00).

   On the basis of the Tentative Allocation issued by the Federal Aviation Administration, it is expected that a Grant Offer from the United States will be tendered in the approximate amount of two-hundred, forty-six thousand and no/100 dollars ($246,000.-00).

   Accordingly, it is estimated that the share of the Municipality in the cost of Project No. 8-17-0022-04 will be fifty-four thousand and no/100 dollars ($54,000.00).

   However, the Municipality specifically agrees that in any event it will pay on project costs any amount by which the total of actual project costs may and shall exceed the amount of Federal Funds granted to or allowed and paid on project costs, as the same may be incurred by reason of contingencies, over-run engineering errors, or otherwise, in order to complete the work called for by the Project Grant Agreement with the United States and the project plans and specifiications as the same may, with the express consent and approval of the Municipality, be supplemented, amended, changed, or modified subject, however, and only to the budgetary limitation.
9. The Municipality shall establish an account in which shall be deposited all funds pertaining to the project. The Municipality shall have the right to draw checks against said account, or make withdrawals therefrom, without the approval of the Division and the bank or banks in which said funds are deposited shall be under no obligation to see to the application of said funds.
10. The Municipality agrees to comply at all times with the conditions prescribed in said Section 34 of the Illinois Aeronautics Act, with respect to which the Municipality is required to satisfy the Division under the terms thereof.
11. The Airport shall be used, operated and maintained at all times by the Municipality for the use and benefit of the general public without unjust discrimination, in accordance with all applicable Federal and State laws and the rules and regulations prescribed thereunder and in accordance with the covenants and assurances of the Municipality made with and to the United States.
12. The Municipality shall file with the Division such reports concerning the matters covered by this Agreement, including the use, operation and maintenance of the Airport, as the Department may require from time to time.
13. Notices, reports or other communications required by or transmitted pursuant to this Agreement, to the Division shall be directed to the attention of the Director, Division of Aeronautics of the State of Illinois, Capital Airport, Springfield, Illinois, 62705, and to the Municipality shall be directed to the attention of the Commissioner of Aviation and the City Comptroller, City of Chicago, City Hall, Chicago, Illinois 60602.
14. To the extent that the Project Application or Grant Offer requires, this Agreement is made subject and subordinate to the provisions thereof.
15. This contract shall be and is deemed to be one entered into pursuant to the Illinois Aeronautics Act of the State of Illinois, and shall be construed and given effect in accordance with said Act and not otherwise.

In Witness Whereof, the parties hereto have caused this Agreement to be executed and their respective seals affixed as of the dates respectively hereafter set forth.

NOW THEREFORE, pursuant to and for the purpose of carrying out the provisions of the Airport and Airway Development Act of 1970, as amended (49 U.S.C. 1701), and in consideration of (a) the Sponsor's adoption and ratification of the representations and assurances contained in said Project Application, and its acceptance of this Offer as hereinafter provided, and (b) the benefits to accrue to the United States and the public from the accomplishment of the Project and the operation and maintenance of the Airport as herein provided, THE FEDERAL AVIATION ADMINISTRATION, FOR AND ON BEHALF OF THE UNITED STATES, HEREBY OFFERS AND AGREES to pay, as the United States share of the allowable costs incurred in accomplishing the Project, 82 percentum thereof.

This Offer is made on and subject to the following terms and conditions:

1. The maximum obligation of the United States payable under this Offer shall be $246,000.00

2. The Sponsor shall:

   (a) begin accomplishment of the Project within ninety days after acceptance of this Offer or such longer time as may be prescribed by the FAA, with failure to do so constituting just cause for termination of the obligations of the United States hereunder by the FAA;

   (b) carry out and complete the Project without undue delay and in accordance with the terms hereof, the Airport and Airway Development Act of 1970, and Sections 152.51–152.63 of the Regulations of the Federal Aviation Administration (14 CFR 152) in effect as of the date of acceptance of this Offer; which Regulations are hereinafter referred to as the "Regulations";

   (c) carry out and complete the Project in accordance with the plans and specifications and property map, incorporated herein, as they may be revised or modified with the approval of the FAA.

3. The allowable costs of the project shall not include any costs determined by the FAA to be ineligible for consideration as to allowability under Section 152.47 (b) of the Regulations.

4. Payment of the United States share of the allowable project costs will be made pursuant to and in accordance with the provisions of Sections 152.65 – 152.71 of the Regulations. Final determination as to the allowability of the costs of the project will be made at the time of the final grant payment pursuant to Section 152.71 of the Regulations: Provided, that, in the event a semi-final grant payment is made pursuant to Section 152.71 of the Regulations, final determination as to the allowability of those costs to which such semi-final payment relates will be made at the time of such semi-final payment.

5. The Sponsor shall operate and maintain the airport as provided in the Project Application incorporated herein and specifically covenants and agrees, in accordance with its Assurance 4 in Part III of said Project Application, that in its operation and the operation of all facilities thereof, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person or class of persons by reason of race, color, creed or national origin in the use of any of the facilities provided for the public on the airport.

6. The FAA reserves the right to amend or withdraw this Offer at any time prior to its acceptance by the Sponsor.

7. This Offer shall expire and the United States shall not be obligated to pay any part of the costs of the Project unless this Offer has been accepted by the Sponsor on or before Dec. 19, 1973, or such subsequent date as may be prescribed in writing by the FAA.

8. The Sponsor hereby agrees that it will incorporate or cause to be incorporated into any contract for construction work, or modification thereof, as defined in the regulations of the Secretary of Labor at 41 CFR Chapter 60, which is paid for in whole or in part with funds obtained from the Federal Government or borrowed on the credit of the Federal Government pursuant to a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any federal program involving such grant, contract, loan insurance, or guarantee the following Equal Opportunity clause.

   During the performance of this contract, the contractor agrees as follows:

   a. The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, sex, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination, rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

   b. The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin.

c. The contractor shall send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

d. The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

e. The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

f. In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be cancelled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rules, regulations, or order of the Secretary of Labor, or as otherwise provided by law.

g. The contractor will include the portion of the sentence immediately preceding paragraph a. and the provisions of paragraph a. through g. in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance. Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The Sponsor further agrees that it will be bound by the above Equal Opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, that if the applicant so participating is a State or local government, the above Equal Opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The Sponsor agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the Equal Opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor that it will furnish the administering agency with the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The Sponsor further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of 24 September 1965, with a contractor debarred from, or who has not demonstrated eligibility for, government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the Equal Opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part III, Subpart D, of the Executive Order. In addition, the Sponsor agrees that if it fails or refused to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the Sponsor under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from the Sponsor; or refer the case to the Department of Justice for appropriate legal proceedings.

9. The Sponsor hereby convenants and agrees that its financial records of the project, established, maintained and made available to personnel of the FAA in conformity to Section 151.55 of the Regulations of the Federal Aviation Agency (14 CFR 151) will also be available to representatives of the Comptroller General of the United States.

10. By its acceptance hereof, the Sponsor hereby covenants that to the extent it has or may have either present or future control over each area identified on the Exhibit "A" as "clear zone", and unless exceptions to or deviations from the following obligations have been granted to the Sponsor in writing by the FAA, it will clear said area or areas of any existing structure or any natural growth which constitutes an obstruction to air navigation with the standards

established by Section 77.23 as applied to Section 77.25, Part 77, of the Federal Aviation Regulations; and the Sponsor further covenants that it will control the subsequent erection of structures and control natural growth to the extent necessary to prevent the creation of obstructions within said standards.

11. The Sponsor hereby further covenants that it will not permit any permanent-type structures, other than structures required for aids to air navigation and such other structures as may be specifically excepted in writing by the FAA, to be erected on, and that it will cause any existing structures to be removed from, each area identified on the "Exhibit A" as "clear zone" or any portions thereof, concerning which the Sponsor has acquired a fee interest with federal financial assistance, irrespective of whether such structures constitute an obstruction to air navigation.

12. It is understood and agreed that the terms "Federal Aviation Agency" or "Federal Airport Act", wherever they appear in this agreement, in the Project Application, plans and specifications, or in any other document constituting a part of this agreement, shall be deemed to mean "Federal Aviation Administration" or the "Airport and Airway Development Act of 1970", as the case may be.

13. It is also understood and agreed that Paragraph 2, Part III, of the Project Application is revised to read as follows:

> The Sponsor will operate the airport as such for the use and benefit of the public. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that it will keep the airport open to all types, kinds, and classes of aeronautical use on fair and reasonable terms without discrimination between such types, kinds, and classes; provided, that the Sponsor may establish such fair, equal, and not unjustly discriminatory conditions to be met by all users of the airport; and provided further, that the Sponsor may prohibit or limit any given type, kind, or class of aeronautical use of the airport if such action is necessary -
>
> a. For safe and efficient use of the airport,
>
> b. To keep operation activities within acceptable noise levels, or
>
> c. To serve the civil aviation needs of the public.

14. The Sponsor will send a copy of all invitations for bids, advertised or negotiated, for concessions or other businesses at the airport to the Office of Minority Business Enterprise (OMBE), Field Operations Division, Department of Commerce, Washington, D. C. 20230, or to the local affiliate designated by the OMBE. The Sponsor will disclose and make information about the contracts, contracting procedures and requirements available to OMBE or its designated affiliate and minority firms on the same basis that such information is disclosed and made available to other organizations or firms. Responses by minority firms to invitations for bids shall be treated in the same manner as all other responses to the invitations for bids.

Compliance with the preceding paragraph will be deemed to constitute compliance by the Sponsor with the requirements of 49 CFR 21 Appendix C(A)(1)(X), Regulations of the Office of the Secretary of Transportation.

15. It is understood and agreed by and between the parties hereto that the United States shall not make, nor shall it be obligated to make, any grant payment hereunder until an Agreement of Limited Agency relating to this project has been entered into by and between the Sponsor, the City of Chicago, as Principal and the Illinois Department of Transportation, Division of Aeronautics as Agent, and such Agreement has been determined by the FAA to be consonant with the applicable statutes of the State of Illinois.

16. The Federal Government does not now plan or contemplate the construction of any structures pursuant to Paragraph 11 of Part III - Sponsor's Assurances of the Project Application, and therefore it is understood and agreed that the Sponsor is under no obligation to furnish any such areas or rights without cost to the Federal Government under this Grant Agreement. However, nothing contained herein shall be construed as altering or changing the rights of the United States and/or the obligations of the Sponsor under prior Grant Agreements to furnish rent-free space for the activities specified in such agreements.

17. a. The parties hereto recognize that a continuing need exists for parking space for Government owned and controlled automotive equipment used or assigned for use in serving FAA facilities and equipment on or in the vicinity of the airport. It is agreed by the parties hereto that the Sponsor will provide, without charge, designated parking space in reasonable proximity to FAA operations for such automotive equipment and that no change or modifications will be made in such designation without the consent of the parties hereto or their designated representative.

b. The parties hereto further recognize the need for adequate parking space for the motor vehicles used by the FAA employees in providing them with transportation to their place of employment and assigned duty stations on the airport. It is fully understood by and between the parties hereto that the Sponsor has made adequate parking space available to those employees on terms that are as

favorable as those provided to the Sponsor's employees and the employees of others having duty stations on the airport. It is agreed by the parties hereto that the relationship now existing with respect to automobile parking space for FAA employees will continue and that no change will be made to alter this relationship or to either curtail or enlarge the demand for the parking facilities designated without the consent and concurrence of the parties hereto or their designated representatives.

18. The Sponsor further covenants that it will not cause or permit any structure or object of natural growth to extend above the plane of the light path within the land area (presently, or hereafter owned or controlled by the Sponsor) comprising the site of any Approach Light System serving the aforesaid airport (an ALS site being an area extending 3200 feet outward from the approach end of the runway served and 400 feet in width located symmetrically about the projected runway centerline).

19. It is understood and agreed by and between the parties hereto that any reference herein or in the aforesaid Project Application, dated May 3, 1973, to plans and specifications shall mean specifications approved, subject to engineering comments, by the Chicago Metropolitan Engineer, Chicago Airports District Office, Great Lakes Region, Federal Aviation Administration on September 6, 1973.

20. It is understood and agreed that the references to "State of Illinois, Department of Aeronautics" wherever appearing in this agreement or in any other document constituting a part of this agreement shall be deemed to mean "State of Illinois, Department of Transportation, Division of Aeronautics."

21. The Sponsor will not grant or permit any exclusive right for the use of the airport forbidden by Section 308 of the Federal Aviation Act of 1958 in any renewal of its fixed base operator's lease with Butler Aviation, Inc. (former lease expired July 31, 1973). In furtherance of this covenant, the Sponsor specifically agrees that the renewed lease will contain certain clauses relating to Section 308 of the Federal Aviation Act of 1958, Part 21 of the Regulations of the Office of the Secretary of Transportation, and Paragraph 4b of the Sponsor's Assurances as contained in Part III of the Project Application.

The Sponsor's acceptance of this Offer and ratification and adoption of the Project Application incorporated herein shall be evidenced by execution of this instrument by the Sponsor, as hereinafter provided, and said Offer and Acceptance shall comprise a Grant Agreement, as provided by the Airport and Airway Development Act of 1970, constituting the obligations and rights of the United States and the Sponsor with respect to the accomplishment of the Project and the operation and maintenance of the Airport. Such Grant Agreement shall become effective upon the Sponsor's acceptance of this Offer and shall remain in full force and effect throughout the useful life of the facilities developed under the Project but in any event not to exceed twenty years from the date of said acceptance.

Part III—SPONSOR'S ASSURANCES

In order to furnish the assurances required by the Act and Regulations the Sponsor hereby covenants and agrees with the United States, as follows:

1. These covenants shall become effective upon acceptance by the Sponsor of an offer of Federal aid for the Project or any portion thereof, made by the FAA and shall constitute a part of the Grant Agreement thus formed. These covenants shall remain in full force and effect throughout the useful life of the facilities developed under this Project, but in any event not to exceed twenty (20) years from the date of said acceptance of an offer of Federal aid for the Project. However, these limitations on the duration of the covenants do not apply to the covenant against exclusive rights. Any breach of these covenants on the part of the Sponsor may result in the suspension or termination of, or refusal to grant Federal assistance under, FAA administered programs, or such other action which may be necessary to enforce the rights of the United States under this agreement.

2. The Sponsor will operate the Airport as such for the use and benefit of the public. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that it will keep the Airport open to all types, kinds, and classes of aeronautical use on fair and reasonable terms without discrimination between such types, kinds, and classes. Provided; That the Sponsor may establish such fair, equal, and not unjustly discriminatory conditions to be met by all users of the Airport as may be necessary for the safe and efficient operation of the Airport; And Provided Further, That the Sponsor may prohibit or limit any given type, kind, or class of aeronautical use of the Airport if such action is necessary for the safe operation of the Airport or necessary to serve the civil aviation needs of the public.

3. The Sponsor—

a. Will not grant or permit any exclusive right forbidden by Section 308(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1349(a)) at the Airport, or at any other airport now owned or controlled by it;

b. Agrees that, in furtherance of the policy of the FAA under this covenant, unless authorized by the Administrator, it will not, either directly or indirectly, grant or permit any person, firm or corporation the exclusive right at the Airport, or at any other airport now owned or controlled by it, to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity.

c. Agrees that it will terminate any existing exclusive right to engage in the sale of gasoline or oil, or both, granted before July 17, 1962, at such an airport, at the earliest renewal, cancellation, or expiration date applicable to the agreement that established the exclusive right; and

d. Agrees that it will terminate any other exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under the Airport and Airway Development Act.

4. The Sponsor agrees that it will operate the Airport for the use and benefit of the public, on fair and reasonable terms, and without unjust discrimination. In furtherance of the covenant (but without limiting its general applicability and effect), the Sponsor specifically covenants and agrees:

a. That in its operation and the operation of all facilities on the Airport, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person or class of persons by reason of race, color, creed, or national origin in the use of any of the facilities provided for the public on the Airport.

b. That in any agreement, contract, lease, or other arrangement under which a right or privilege at the Airport is granted to any person, firm, or corporation to conduct or engage in any aeronautical activity for furnishing services to the public at the Airport, the Sponsor will insert and enforce provisions requiring the contractor:

(1) to furnish said service on a fair, equal, and not unjustly discriminatory basis to all users thereof, and

(2) to charge fair, reasonable, and not unjustly discriminatory prices for each unit or service; Provided, That the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

c. That it will not exercise or grant any right or privilege which would operate to prevent any person, firm or corporation operating aircraft on the Airport from performing any services on its own aircraft with its own employees (including, but not limited to maintenance and repair) that it may choose to perform.

d. In the event the Sponsor itself exercises any of the rights and privileges referred to in subsection b, the services involved will be provided on the same conditions as would apply to the furnishing of such services by contractors or concessionaires of the Sponsor under the provisions of such subsection b.

5. Nothing contained herein shall be construed to prohibit the granting or exercise of an exclusive right for the furnishing of nonaviation products and supplies or any service of a nonaeronautical nature or to obligate the Sponsor to furnish any particular nonaeronautical service at the Airport.

6. The Sponsor will operate and maintain in a safe and serviceable condition the Airport and all facilities thereon and connected therewith which are necessary to serve the aeronautical users of the Airport other than facilities owned or controlled by the United States, and will not permit any activity thereon which would interfere with its use for airport purposes: Provided, That nothing contained herein shall be construed to require that the Airport be operated for aeronautical uses during temporary periods when snow, flood, or other climatic conditions interfere with such operation and maintenance; And Provided Further, That nothing herein shall be construed as requiring the maintenance, repair, restoration or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the Sponsor. In furtherance of this covenant the Sponsor will have in effect at all times arrangements for:

a. Operating the airport's aeronautical facilities whenever required.

b. Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions, and

c. Promptly notifying airmen of any condition affecting aeronautical use of the Airport.

7. Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, prevent the construction, erection, alteration, or growth of any structure, tree, or other object in the approach areas of the runways of the Airport, which would constitute an obstruction to air navigation according to the criteria or standards prescribed in Section 77.23, as applied to Section 77.25, Part 77 of the Federal Aviation Regulations. In addition, the Sponsor will not erect or permit the erection of any permanent structure or facility which would interfere materially with the use, operation, or future development of the Airport, in any portion of a runway approach area in which the Sponsor has acquired, or hereafter acquires, property interests permitting it to so control the use made of the surface of the land.

8. Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, take action to restrict the use of land adjacent to or in the immediate vicinity of the Airport to activities and purposes compatible with normal airport operations including landing and takeoff of aircraft.

9. The Sponsor will keep up to date at all times an airport layout plan of the Airport showing (1) the boundaries of the Airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the Sponsor for airport purposes, and proposed additions thereto; (2) the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and roads), including all proposed extensions and reductions of existing airport facilities; and (3) the location of all existing and proposed nonaviation areas and of all existing improvements thereon. Such airport layout plan and each amendment, revision, or modification thereof, shall be subject to the approval of the FAA, which approval shall be evidenced by the signature of a duly authorized representative of the FAA on the face of the airport layout plan. The Sponsor will not make or permit the making of any changes or alterations in the Airport or any of its facilities other than in conformity with the airport layout plan as so approved by the FAA, if such changes or alterations might adversely affect the safety, utility, or efficiency of the Airport.

10. All facilities of the Airport developed with Federal aid and all those usable for the landing and taking off of aircraft, will be available to the United States at all times, without charge, for use by government aircraft in common with other aircraft, except that if the use by government aircraft is substantial, a reasonable share, proportional to such use, of the cost of operating and maintaining facilities so used, may be charged. Unless otherwise determined by the FAA, or otherwise agreed to by the Sponsor and the using agency, substantial use of an airport by government aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the FAA, would unduly interfere with use of the landing area by other authorized aircraft, or during any calendar month that:

a. Five (5) or more government aircraft are regularly based at the airport or on land adjacent thereto; or

b. The total number of movements (counting each landing as a movement and each takeoff as a movement) of government aircraft is 300 or more, or the gross accumulative weight of government aircraft using the Airport (the total movements of government aircraft multiplied by gross certified weights of such aircraft) is in excess of five million pounds.

11. Whenever so requested by the FAA, the Sponsor will furnish without cost to the Federal Government, for construction, operation, and maintenance of facilities for air traffic control activities, or weather reporting activities and communication activities related to air traffic control, such areas of land or water, or estate therein, or rights in buildings of the Sponsor as the FAA may consider necessary or desirable for construction at Federal expense of space or facilities for such purposes. The approximate amounts of areas and the nature of the property interests and/or rights so required will be set forth in the Grant Agreement relating to the Project. Such areas or any portion thereof will be made available as provided herein within 4 months after receipt of written request from the FAA.

12. The airport operator or owner will maintain a fee and rental structure for the facilities and services being provided the airport users which will make the Airport as self-sustaining as possible under the circumstances existing at the Airport, taking into account such factors as the volume of traffic and economy of collection.

13. The Sponsor will furnish the FAA with such annual or special airport financial and operational reports as may be reasonably requested. Such reports may be submitted on forms furnished by the FAA, or may be submitted in such manner as the Sponsor elects so long as the essential data are furnished. The Airport and all airport records and documents affecting the Airport, including deeds, leases, operation and use agreements, regulations, and other instruments, will be made available for inspection and audit by the Secretary and the Comptroller General of the United States, or their duly authorized representatives, upon reasonable request. The Sponsor will furnish to the FAA or to the General Accounting Office, upon request, a true copy of any such document.

16. The Sponsor will not enter into any transaction which would operate to deprive it of any of the rights and powers necessary to perform any or all of the covenants made herein, unless by such transaction the obligation to perform all such covenants is assumed by another public agency found by the FAA to be eligible under the Act and Regulations to assume such obligations and having the power, authority, and financial resources to carry out all such obligations. If an arrangement is made for management or operation of the Airport by any agency or person other than the Sponsor or an employee of the Sponsor, the Sponsor will reserve sufficient rights and authority to insure that the Airport will be operated and maintained in accordance with the Act, the Regulations, and these covenants.

17. Unless the context otherwise requires, all terms used in these covenants which are defined in the Act and the Regulations shall have the meanings assigned to them therein.

Part IV—PROJECT AGREEMENT

If the Project or any portion thereof is approved by the FAA, and an offer of Federal aid for such approved Project is accepted by the Sponsor, it is understood and agreed that all airport development included in such Project will be accomplished in accordance with the Act and the Regulations, the plans and specifications for such development, as approved by the FAA, and the Grant Agreement with respect to the Project.

WITNESSETH:

Now Therefore, in consideration of the premises and the covenants and agreements hereinafter contained, it is agreed by and between the parties hereto as follows:

Section 1. The City agrees, under the terms of this contract to perform all of the following items of work: removal of the existing railroad bridge structure and abutments, the construction of a new four track bridge structure carrying tracks of the Railroad over the intersection of Western Avenue and Logan Boulevard, construction of a temporary three track trestle for maintaining railroad traffic during the construction of the new viaduct, raising the existing railroad track profile, street lighting and street and sewer work, together with all other incidental work to complete improvements in accordance with the terms hereinafter set forth and as shown on the contract plans and specifications and the general plans referred to as Exhibits A, B, C, D and E which general plans are also identified as City Drawings Nos. 33815, 33816, 33817, 33818, and 33819 attached hereto and made a part hereof.

Section 3. The contract plans and specifications for the new structure and appurtenances, including lighting and drainage facilities, shall be submitted to the Illinois Commerce Commission and Railroad for approval. No changes in such plans and specifications shall be made by the City without the written consent of the Railroad.

Section 4. The City, at its expense, shall prepare the contract plans and specifications, advertise for bids, and construct or cause to be constructed the aforementioned structure in accordance with the aforesaid general plan referred to as Exhibit A, B, C, D and E attached hereto.

Section 5. All work herein provided to be done which may affect the property, tracks or operation of the Railroad, shall be performed in such manner and at such times as shall be approved by the Chief Engineer of the Railroad or his authorized representative, and shall be performed in such a manner so as to minimize interference with operations of the Railroad. The Railroad agrees that it will not unduly delay the City, its contractors or subcontractors performing said work.

Section 6. The City will furnish all material, labor and equipment required for the temporary and permanent relocation or adjustment of the tracks and roadbed at this location which is necessary to permit the performance of work covered herein as indicated on the plans and specifications. This shall include installation of temporary tracks for diverting train traffic during various stages of the viaduct construction and construction and alignment of permanent tracks over the completed viaduct, all except as follows:

Section 8. The terms, stipulations and conditions in the Bureau of Public Road's Policy and Procedure Memorandum 30-3, dated October 15, 1966, as amended, shall apply and govern the railroad's work under this agreement.

Prior to initiation of any work by Railroad, Railroad shall submit to City a detailed estimate of the reimbursable costs to be incurred by it in the performance of this Agreement, which estimate shall be used solely for the purpose of billing in the manner hereinafter provided and shall not be deemed a maximum or agreed total cost. This estimate shall be broken down into major items of work, and shall show in reasonable detail the amount of labor applicable to the various items of work, material quantities and unit prices, charges for equipment, and appropriate percentage additions or allowances as authorized by this Agreement. Such estimate shall be subject to approval by City.

Thereafter, during the progress of the work, Railroad shall bill the City of incurred cost, on the basis of the current percentage of physical completion attained for each such work item, including materials furnished to the job site, as certified pursuant to the following paragraph, payment shall be applied to the approved total estimated cost of such work. Partial payments shall be made on this basis until each item of work has advanced to approximately 90% of physical completion, at which time reimbursement on a percentage basis will be discontinued.

Prior to commencement of work, Railroad and City shall each designate an authorized representative or representatives who shall determine and agree upon the estimated percentage of physical completion attained for each such item of work, from time to time, and such representatives shall execute certificates specifying such percentage of physical completion which shall be attached to Railroad's periodic bills.

The Railroad, upon completion of its work, shall submit to the City six copies of a detailed typewritten statement of all the actual cost and expense, including insurance, vacation allowance, railroad retirement tax and railroad unemployment insurance tax, incurred by it, or for its account, in the performance of the aforesaid work by it at the expense of the City. After the City has checked said statements and if the same are found to be correct, it shall reimburse the Railroad, for ninety-five (95) percent of the amount hereof; such reimbursement, however, to be subject to audit by the City and the State for reimbursement eligibility under the aforesaid Policy and Procedure Memorandum 30-3. The sum of $260,000.00 dollars, is the total estimate of reimbursable costs based on material and labor rates which Railroad is required to pay as of the date of said estimates.

After the City and the State have audited and approved the Railroad's final detailed statement of costs and expenses incurred in performing its work under this agreement, the City shall reimburse the Railroad for the retained percentage less any items deducted which have been found by the City or the State during audit to be ineligible for reimbursement.

Section 9. The City shall require its contractors to indemnify and save harmless the Railroad from and against any and all liability, damages, cost and expense for loss or damage to property whatsoever and injury to or death of persons whomsoever, arising or growing, in whole or in part, out of or in connection with the performance of any of the work on the construction of said railroad structure or the presence of any such property or persons on the premises of the Railroad. The foregoing provisions of this Section 9 shall not apply when such damages, costs and expense are caused by the sole negligence of the Railroad.

Section 10. A. Before the commencement of any work under this Agreement, City shall require its contractors to procure insurance of the following kinds and amounts and to carry such insurance until completion and acceptance by City of the work:

1. Public Liability Insurance including Automobile Liability Insurance, in an amount not less than $500,000 for injuries including wrongful death, to any one person, and subject to that limit for each person, a total amount of not less than $1,000,000 on account of any one accident or occurrences; and

3. Workmen's Compensation Insurance as required by law and Employer's Liability Insurance in the amount of $100,000 per occurrence.

The above mentioned policies for Public Liability and Property Damage Insurance shall be written so as to include Contingent Liability and Contingent Property Damage insurance to protect the contractor against claims arising from the operations of subcontractors. Any change in the insurance provided in accordance with this Article shall not be made until Railroad has received ten (10) days' written notice thereof.

Certified copies of all insurance policies required under this Article shall be furnished to Railroad.

B. Before the commencement of any work under this Agreement, City shall cause insurance to be obtained written by an insurance carrier or carriers satisfactory to Railroad and City, and keep the same in force and effect until completion of all work to be performed under this Agreement, which will protect Railroad from and against:

1. A loss of and damage to any property whatsoever, including property of the parties hereto and of all other persons whomsoever and the loss of or interference with any use or service thereof;

Such insurance shall provide coverage limits in an amount of not less than $25,000,000 in any one occurrence or loss. Railroad hereby waives all claims against City arising out of any tort to the extent that Railroad is reimbursed by the proceeds from such policies. A certified copy of such policy or policies shall be delivered to Railroad before commencement of the work.

Section 11. The construction cost of the project is programmed to be financed by the Federal and State funds.

The costs associated with the purchase and installation of conforming illuminaries and the maintenance thereof, including electrical energy, shall be apportioned between the City and the Railroad as prescribed in Illinois Commerce Commission Order No. 52161 and any subsequent Order or Orders pertaining thereto.

Section 13. In compliance with the Federal Highway's Administration's (formerly Bureau of Public Roads) policy and Procedure Memorandum 21-10, issued October 3, 1958; which determines (among other things) the benefit and liability under Section 5(b) of the Federal-Aid Highway Act of 1944, the separation of the railroad-highway grades as herein proposed meets Classification 2 of paragraph 5(b) of that Memorandum, a category not considered as a benefit to the Railroad, and no contribution by the Railroad is required.

Section 14. The City and the Railroad shall file a joint Petition with the Illinois Commerce Commission for the purpose of securing Commission approval for the new structure and the terms and conditions set forth in this Agreement relating thereto.

A tax is hereby imposed upon every employer who, in connection with his business, engages, hires, employs, or contracts with, fifteen (15) or more individuals as commission merchants and full-time employees, or any combination thereof, to perform work or render services in whole or in part within the City of Chicago on and after January 1, 1974. The amount of such tax shall be Three Dollars ($3.00) per month for each commission merchant and full-time employee, to whom commission or employment compensation is paid or to whom such commission or compensation has accrued, or is shown as a business expense taken under the United States, or State of Illinois income taxes as a cost of doing business or under accounting practices acceptable for said tax purposes to the United States or Illinois state governments. The incidence of this tax shall be upon the employer alone as an employer's expense tax and shall not be transferred directly or indirectly to the commission merchant or full-time employee under any circumstances.

B. Such tax shall be levied only upon the number of those commission merchants or employees whose work or service is performed within the City of Chicago, or if partly within and partly without the City of Chicago, the numbers of those individuals

who perform fifty percent (50%) or more of their work or service per calendar quarter within the City of Chicago.

C. If it is impractical to apportion such work or service aforesaid either because of the peculiar nature thereof or on account of the unusual bases of compensation, or for any other similar reason, then the numbers of such individuals attributable to work performed or services rendered in the City of Chicago shall be determined in accordance with rules and regulations adopted or promulgated by the Director of Revenue for this purpose, and in furtherance of the purposes of this ordinance. If the Director of Revenue determines that the percentage of work attributable to the City of Chicago for any one or more employers is a relatively stable percentage, then the Director is hereby authorized to establish that percentage as a prima facie percentage of work attributable to the City of Chicago; provided, however, that the Director shall condition the establishment of such fixed percentage upon the obligation of the employer to report immediately to the Director any significant change in his mode of business which might or will have some effect upon the portion of work performed or service attributable to the City of Chicago.

200.3-3. Residence of Taxpayer. This tax shall apply only to employers doing business within the City of Chicago. An employer does business within the City of Chicago, for the purposes of this Chapter, if he engages, hires, employs or contracts with one or more individuals, as commission merchants or full-time employees, to perform work or render services in whole or in part within the City of Chicago and fulfills one or more of the following criteria: (a) such employer maintains a fixed place of business within the City of Chicago, or (b) a commission merchant or employee of said employer maintains a fixed place of business within the City of Chicago for the benefit or partial benefit of such employer, or (c) such employer or his commission merchant or employee owns or leases real property within the City of Chicago for business purposes, or (d) such employer or his commission merchant or employee regularly maintains a stock of tangible personal property in the City of Chicago for sale in the ordinary course of business or (e) such employer employs or loans capital on property within the City of Chicago or (f) such employer or his commission merchant or employee conducts continuous solicitation of business within the City of Chicago.

200.3-4. Payments, Returns and Extensions of Time. A. The taxes herein imposed shall become due and payable for the preceding calendar quarter on January 1st, April 1st, July 1st, and October 1st of each year and shall become delinquent if not paid on or before the 20th day following the date due and payable. Each employer subject to the tax herein imposed shall execute and file an employers' expense tax return, on forms prepared for that purpose by the Department of Revenue, concurrently with the payment of taxes imposed herein.

B. Each employer in the City of Chicago, whether subject to the tax herein imposed or not, shall prepare and maintain at some accessible place within the City of Chicago permanent, just and accurate books, papers and records setting forth the name and address of each commission merchant or employee performing work or rendering services in whole or in part for said employer in the City of Chicago, designating that portion of the work for each such commission merchant or employee attributable to the City of Chicago, plus the aggregate number of all such individuals whose work or service is attributable to the City of Chicago, and such other and further pertinent information as the Director of Revenue may require in furtherance of the purposes of this ordinance.

C. The Director of Revenue is hereby authorized, for good cause shown by affidavit, to grant extensions not in excess of sixty (60) days for payment of such taxes and the making of such return, in which case no penalty shall be added to the amount due and payable if said tax is paid within the extension period granted by the Director. All taxes which are unpaid after the 20th day of the month upon which they fall due shall bear interest at the rate of one-half of one percent (½%) per month, or fraction thereof, notwithstanding the granting of an extension by the Director.

200.3-5. Interest and Penalties. All taxes imposed by this ordinance and remaining unpaid after delinquency, including any deficiency in the payment of taxes, shall bear interest at the rate of one percent (1%) per month, or fraction thereof, and the delinquent taxpayer shall be liable for said tax and interest and, in addition thereto, unless the Director of Revenue determines that the delinquency is not due to any fault on the part of the taxpayer, the said delinquent taxpayer shall be liable for a late payment penalty of ten percent (10%) of the amount of the underpayment.

200.3-6. Duties of Department and Director of Revenue. It shall be the duty of the Department of Revenue to collect and receive the tax imposed by this ordinance. The Department shall keep an accurate and separate account of all such tax payments received by it showing the name and address of the taxpayer and the date of each payment. The Director of Revenue is hereby empowered to adopt and promulgate, and to enforce, rules and regulations relating to any matter or thing pertaining to the administration and enforcement of the provisions of this ordinance, including provisions for re-examination, correction and amendment of all returns. The Director, or any agent or employee designated in writing by him, is hereby authorized to examine the books, papers and records of any employer or alleged employer during regular business hours, in order to verify the accuracy of any return made, or if no return was made, to ascertain the tax imposed by this ordinance.

200.3-7. Registration. A. Every employer subject to the tax imposed by this Chapter, shall within ten (10) days after the effective date of this ordinance, or within ten (10) days after he commences business within the City of Chicago, as the case may be, file in the office of the Department of Revenue a certificate setting forth the name under which such business is, or is to be, conducted or transacted, and the full name or names and address or addresses of the individual or individuals conducting or transacting the same, unless the party so certified is a corporation or trustee, in which event it shall set forth its said principal office or place of business and when and where incorporated or organized. Said certificate shall be executed and duly acknowledged by the person or persons so conducting or intending to conduct said business or by the president or secretary of the corporation, as the case may be.

B. In the event of a change in the identity of an employer, or termination of his operations, a similar certificate setting forth the facts with respect to such change or termination shall be filed in the office of the Department of Revenue within ten (10) days thereafter.

200.3-8. Credits and Refunds. A. Whenever it appears to a taxpayer that an amount of tax, interest or penalty has been paid in error to the Department of Revenue by him, whether such amount be paid through a mistake of fact or an error of law, not later than three (3) years from the date upon which such payment was made, such taxpayer may file a claim for credit or refund with the Department of Revenue on forms provided by said Department for that purpose, provided, however, that no credit or refund shall be made of any tax, the amount of which has been determined and assessed by the Director pursuant to Subsection 200.3-9A, if such tax was paid after the determination and assessment became final. No credit shall be allowed for any amount paid by such taxpayer unless it appears that he bore the burden of such amount and did not shift the burden thereof to another.

B. Any credit or refund that is allowed under this Section shall bear interest at the rate of one-half of one percent (½%) per month, or any fraction thereof, from the date when the erroneous payment for which credit or refund is being allowed was made to the Department of Revenue, until a credit memorandum is issued or a refund is paid.

C. A claim for credit or refund shall be considered to have been filed with the Department of Revenue on the date upon which it is received by the Department, and receipt of any claim for credit filed under this Section shall be acknowledged by the Director or any designated person on his behalf, said receipt to describe the claim in sufficient detail as to identify it, and to state the date upon which the claim was received by the Department.

D. As soon as practicable after a claim for credit or refund is filed, the Director of Revenue, or his designate, shall examine the same and determine the amount of credit or refund due, if any, and shall issue a Notice of Tentative Determination of Claim and notify the claimant of such determination. If the taxpayer disagrees with the determination, he shall file a protest and challenge thereto within twenty (20) days after the date of Notice of Tentative Determination of Claim has been mailed to him. Upon receipt of such protest within the 20 days allowed, the Director of Revenue, or his designate, shall fix the time and place for a hearing thereon, giving notice to the claimant thereof, not less than five (5) days prior thereto. At any hearing held as herein provided, the Tentative Determination of Claim shall be prima facie correct and the burden shall be upon the protesting taxpayer to prove that it is incorrect. Upon the conclusion of the hearing, a decision shall be made by the Director and notice thereof given to the taxpayer. The taxpayer may seek judicial review of the Director's decision in the manner provided for determinations and assessments by Subsection 200.3-9A of this Chapter. In the event no protest or challenge to the Tentative Determination of Claim is filed within the twenty (20) day period hereinabove set forth, said notice shall thereafter become and operate as a final determination.

E. The Director of Revenue may in his discretion issue a letter of credit to a taxpayer who may be able to use said credit in the foreseable future, or a refund certificate in lieu of a credit memorandum on application by a person who cannot use said credit, or sell or assign the same to another taxpayer. Refund certificates shall be numbered serially as they are issued and shall be paid in the order of their issuance from funds that are appropriated to the Department of Revenue for that purpose.

200.3-9. Enforcement. A. If it shall appear to the Director of Revenue that any employer has failed to pay any tax, interest, or penalty as and when required by the provisions of this ordinance or by any regulation of the Director, or if the amount of any tax payment made by an employer for any calendar quarter, or other period, as deemed by the Director to be incorrect in that it does not include all taxes payable for such calendar quarter or period, or if the Director shall find that the collection of any taxes which have accrued but are not yet due will be jeopardized by delay, and declares said taxes to be immediately due and payable, or if it shall appear to the Director that he has made any final assessment which did not include taxes payable by the employer for the periods involved, or if it appears to the Director that any employer has, by reason of any act or omission or by operation of law, become liable for the payment of any taxes, interest or penalties not originally incurred by him, the Director may in any of the above events determine and assess the amount of such taxes or deficiency, as the case may be, together with the interest and penalties due and unpaid, and immediately serve notice upon such employer of such determination and assessment and make a demand for payment of the assessed tax together with interest and penalties thereon. If the employer incurring any such liability had died, such assessment may at the discretion of the Director be made against his personal representative. Such determination and assessment by the Director shall be final at the expiration of twenty (20) days from the date of the service of such written notice thereof and demand for payment, unless such employer shall have filed with the Director a written protest and a petition for a hearing, specifying its objections thereto. Upon the receipt of such petition within the twenty (20) days allowed, the Director shall fix the time and place for a hearing and shall notify the petitioner thereof. The Director may amend his determination and assessment at any time before it becomes final. In the event of such amendment the employer affected shall be given notice thereof and an opportunity to be heard in connection therewith. At any hearing held as herein provided, the determination and assessment that has been made by the Director shall be prima facie correct and the burden shall be upon the protesting employer to prove that it is incorrect. Upon the conclusion of such hearing a decision shall be made by the Director either canceling, increasing, modifying or affirming such determination or assessment and notice thereof given to the petitioner. Such notice shall contain a statement by the Director of the cost of the certification of the record computed at the rate of 5c per 100 words. The record shall consist of the notices and demands caused to be served by the Director, the original determination and assessment of the Director, the written protest and petition for hearing, the testimony introduced at such hearing, the exhibits produced at such hearing, or certified copies thereof, the decisions of the Director and such other documents in the nature of pleadings filed in the proceeding.

B. The Circuit Court of Cook County shall have the power to review the final administrative decisions of the Director of Revenue rendered pursuant to Subsection 200.3-9A and Subsection D of Section 200.3-8. The provisions of the Administrative Review Act (Ill. Rev. Stat. 1973, paragraphs 264 through 279); and all amendments and modifications thereof, and the rules adopted pursuant thereto, shall apply to and govern all proceedings for the judicial review of such final administrative decisions

of the Director. The term "administrative decision" is defined as in Section 1 of the "Administrative Review Act." The Director shall not be required to certify the record to the Circuit Court unless the party commencing such proceedings for review shall pay to the Director the cost of certification of the record as provided in this subsection. The Director, or his designate, upon receipt of such payment, shall prepare and certify to the court a true and correct typewritten copy of all matters contained in such record. Upon receipt from the Clerk of the court of a copy of any decision affecting a decision of the Director, the Director shall enter such order in accordance with such decision.

C. Whenever any person shall fail to pay any tax as herein provided, the Corporation Counsel shall, upon the request of the Department of Revenue, bring or cause to be brought an action to enforce the payment of said tax on behalf of the City of Chicago in any court of competent jurisdiction.

D. If the Mayor, after hearing held by or for him, shall find that any person has willfully evaded payment of the tax imposed by this Chapter, he may suspend or revoke all city licenses held by such tax evader. Said person shall have an opportuity to be heard at such hearing to be held not less than five (5) days after notice is given to him of the time and place of the hearing to be held, addressed to him at his last known place of business. Pending notice, hearing and finding, any license issued by the City of Chicago possessed by said person may be temporarily suspended. Any suspension or revocation of any license shall not release or discharge said person from his civil liability for the payment of the tax, nor from prosecution for such offense.

200.3-10. Corporate Fund. All proceeds resulting from the imposition of the tax under this Chapter, including penalties, shall be paid into the treasury of the City of Chicago and shall be credited to and deposited in the corporate fund of the City.

200.3-11. Violations and Penalties. Any person found guilty of violating, disobeying, omitting, neglecting, or refusing to comply with, or resisting or opposing the enforcement of any of the provisions of this Chapter except when otherwise specifically provided, upon conviction thereof shall be punished by a fine of not less than Fifty Dollars ($50.00) nor more than Three Hundred Dollars ($300.00) for the first offense and not less than Fifty Dollars ($50.00) nor more than Five Hundred Dollars ($500.00) for the second and each subsequent offense in any 180-day period, provided, however, that all actions seeking the imposition of fines only shall be filed as quasi-criminal actions subject to the provisions of the Illinois Civil Practice Act (Ill. Rev. Stat. 1973, ch. 110, par. 1 et seq.). Repeated offenses in excess of three within any 180-day period may also be punishable as a misdemeanor by incarceration in the county jail for a term not to exceed six months under the procedure set forth in Section 1-2-1.1 of the Illinois Municipal Code (Ill. Rev. Stat. 1973, ch. 24, par. 1-2-1.1) and under the provisions of the Illinois Code of Criminal Procedure (Ill. Rev. Stat. 1973, ch. 38, pars. 100-1, et seq.) in a separate proceeding. A separate and distinct offense shall be regarded as committed each day upon which said person shall continue any such violation, or permit any such violation to exist after notification thereof.

200.3-12. Severability. If any provision, clause, sentence, paragraph, section, or part of this Chapter, or application thereof to any person, or circumstance, shall, for any reason, be adjudged by a court of competent jurisdiction to be unconstitutional or invalid, said judgment shall not affect, impair or invalidate the remainder of this Chapter and the application of such provision to other persons, firms, corporations, public agencies or circumstances, but shall be confined in its operation to the provision, clause, sentence, paragraph, section, or part thereof directly involved in the controversy in which such judgment shall have been rendered and to the person, firm, corporation, public agency, or circumstances involved. It is hereby declared to be the legislative intent of the City Council that this Chapter would have been adopted had such unconstitutional or invalid provision, clause, sentence, paragraph, section, or part thereof not been included.

Section 2. This ordinance shall become effective upon passage and due publication.

COMMITTEE ON JUDICIARY.

REPORT AS TO STATUS OF PENDING PROPOSED ORDINANCES AND RESOLUTION UNDER RULE 41.

Alderman Shannon, Chairman of the Committee on Judiciary, submitted the following report as to the status of certain proposed ordinances and a resolution.

CHICAGO, December 14, 1973.

To the President and Members of the City Council:

In response to request dated November 30, 1973, for a written report under Rule 41 of the Rules of Order of the City Council of the City of Chicago, concerning the following three matters:

Ordinance referred on April 29, 1970, page 8520 of the Journal of the Proceedings of said date, outlawing discrimination for sex or age;

Resolution referred on August 30, 1972, page 3654 of the Journal of the Proceedings of said date, for an Affirmative Action Program to end employment discrimination for sex or color;

Ordinance referred on August 30, 1972, page 3654 of the Journal of the Proceedings of said date, outlawing discrimination for sex.

I wish to advise that the Commissioner on Human Relations has under study a draft of an amendment to the ordinance which should extend coverage beyond race, color, religion, national origin or ancestry which is currently in effect to include prohibition against discrimination based on sex, age, and physical or mental handicap unrelated to ability to perform the duties imposed by a job.

This new ordinance would cover both public and private employment. It would also establish equal employment opportunity programs in all city departments and would codify the Contract Compliance Program which the Chicago Commission on Human Relations currently conducts. Further, it would increase the penalty for violation to a maximum of $500.00.

In response to request dated November 30, 1973, under Rule 41 of the Rules of Order of the City Council of the City of Chicago, concerning ordinance referred on April 26, 1972, to prohibit illegal and improper eviction practices, I wish to advise that this matter is under study.

Respectfully submitted,
(Signed) WILLIAM H. SHANNON,
Chairman.

WHEREAS, The General Assembly has authorized such utility to charge its customers an amount equal to such municipal tax, plus an amount sufficient to cover the cost of accounting; and

WHEREAS, A tax upon those engaged in the business of distributing, supplying, furnishing or selling electricity was imposed at the rate of five per cent by ordinance passed December 1, 1955, said ordinance containing a provision (Section 132-21 of the Municipal Code of Chicago) authorizing a setoff or credit to be applied against said tax in an amount equal to the four per cent franchise payment being made by Commonwealth Edison. WHEREAS, Said setoff provision of the December 1, 1955 ordinance has had the effect of insulating the taxpayer from the utility tax, said tax having been held by the Illinois Supreme Court (*City of East St. Louis v. WHEREAS, Such tax shall be in addition to the payment of money, or value of products or services furnished to this municipility by any electric utility as compensation for the use of streets, alleys, or other public places, or installation and maintenance therein, thereon, or thereunder of poles, wires, pipes or other equipment used in the operation of distributing, supplying, furnishing or selling electric energy; now, therefore,

SECTION 2. Section 132-21 of the Municipal Code of the City of Chicago is amended by inserting therein the following new language in Italics below:

"132-21. *No* credit on the amount of tax computed by the taxpayer or by the Comptroller shall be allowed to any taxpayer for accrued compensation to the City on taxpayer's gross operating revenue at the rate provided by any subsisting franchise ordinance granting to the taxpayer or the taxpayer's supplied the right, permission and authority to use the streets and public property of the City for construction, maintenance or operation of any plant or equipment used or useful in distributing, supplying, furnishing or selling electricity. *The express purpose of this tax is to generate revenue in addition to whatever revenues are established in franchise or other contractual agreements which are in effect or may come into effect with the taxpayer.*

SECTION 3. In all other respects Sections 132-16 through 132-29 of the Municipal Code of Chicago being and pertaining to a tax imposed upon all persons engaged in the business of distributing, supplying, furnishing or selling electricity be, and the same hereby are, in full force and effect.

(f) Refrigerating system shall not be located in a space in which there is apparatus to produce an open flame unless such space is provided with means of adequate mechanical ventilation, or the apparatus for producing the open flame is vented by means of a hood so as to carry the products of decomposition to the outside atmosphere. Flames made by matches, cigarette lighters, small alcohol lamps, and similar devices shall not be considered as open flames.

The Municipal Code of Chicago, Chapter 85, Section 85-62, is hereby amended by deleting certain language contained in brackets below and adding certain language in Italics below with respect to the following paragraph only, all other paragraphs to remain unchanged:

> "In systems where the pressure imposing elements is other than a compressor, the department [for the inspection of steam boilers, unfired pressure vessels, and cooling plants] *of buildings* shall determine the size of the relief devices to be used."

"85-71. Before any owner or agent shall proceed with the installation or alteration of any mechanical refrigerating system, he shall secure the approval of the department of [steam boilers, unfired pressure vessels, and cooling plants,] *buildings*, and obtain a permit for the work. No refrigerating system shall be installed, erected, or maintained, nor shall any reconstruction of old apparatus or old system for mechanical refrigerating or cooling purposes be undertaken, unless plans and specifications for the same shall be filed in the office of the department of [steam boilers, unfired pressure vessels, and cooling plants,] *buildings*, and approved by the [chief inspector] *commissioner* of said department. Such plans and specifications shall show the kind and amount of refrigerant used. Upon approval of the said plans, a duplicate set of which shall be left on file in the [office of the chief inspector,]*department of buildings*, and the payment of the required fees, the [said chief inspector] *commissioner of buildings* shall issue a permit for the installation of said apparatus.

No permit shall be required for emergency repairs. Where water is to be used for cooling the refrigerant or for other cooling purposes, no permit for the installation of a refrigerating plant shall be granted unless the plans and specifications have been submitted to the department of water and sewers and the board of health and said departments have issued a permit for the use of water from the city water mains.

"85-71.3. The [chief inspector of steam boilers, unfired pressure vessels, and cooling plants] *commissioner of buildings* may, and he is hereby directed to remit all inspection fees charged, or that may hereafter be charged against any and all charitable, religious, and educational institutions, when the refrigerating system or other apparatus inspected is located in or upon premises used or occupied exclusively by such charitable, religious, or educational institutions; provided, however, that such charitable, religious, or educational institution is not conducted or carried on for private gain or profit.

85-72. It shall be the duty of any person installing refrigerating systems to apply tests to said systems as required by the [chief inspector] *commissioner* of the department of [steam boilers, unfired pressure vessels, and cooling plants.] *buildings*.

"Tests shall be made in the presence of an inspector of the department of [steam boilers, unfired pressure vessels, and cooling plants] *buildings* and shall be applied to every refrigerating system, or parts thereof, installed before being put into use; provided, however, that the department of [steam boilers, unfired pressure vessels, and cooling plants] *buildings* may accept from the manufacturer of a single unit system a certified copy of test report showing that test of said system, as required by the building provisions of this code were made at the place of manufacture.

"It shall be the duty of every person installing refrigerating systems, as aforesaid, to notify the "[chief inspector] *commissioner* of the department of [steam boilers, unfired pressure vessels, and cooling plants] *buildings* whenever any system has reached the stage of construction where it is ready for inspection tests.

"The testing of every refrigerating system shall include a pressure or vacuum test of the complete piping system preferably with the evaporator installed but valves thereon may be closed to prevent withdrawal of the refrigerant.

"Under these tests a partial vacuum of twenty inches of mercury shall be produced within the system and shall be held for a period of at least one hour with no detectable drop.

"Every part of every refrigerating system shall be designed, constructed, and assembled to withstand safely, and without injury, the required minimum test pressures, which shall be applied for the pressure test. These test pressures shall be held by every refrigerating system under test for a period of one hour or over without any appreciable fall."

"85-74. It shall be the duty of the [chief inspector] *commissioner* of the department of [steam boilers, unfired pressure vessels, and cooling plants,] *buildings*, and his assistants to inspect all parts of all mechanical refrigerating systems employing any refrigerant which is expanded, vaporized, liquefied, or compressed in its refrigerating cycle, including piping machinery, boilers, tanks, jacketed kettles, generators, shell brine coolers, shell condenser, shell absorbers, purifiers, pipe condensers, compressors and pipes used "therein, and the apparatus connected therewith and the extensions thereunto. The said [chief inspector] *commissioner or his assistants* shall make such inspection once in each year. The said [chief inspector] *commissioner of buildings* is further authorized and required to inspect any refrigerating system or apparatus whenever, in his judgment, inspection is necessary for the protection of life and property. Whenever such inspection discloses that on account of age, obsolescence, wear and tear or for any other cause such refrigerating system has become or is likely to become dangerous to life and health, the said [chief inspector] *commissioner* shall give notice in writing to the person owning, leasing, or controlling such refrigerating system directing him to make such changes, alterations, or repairs as in the judgment of the [chief inspector] *commissioner* are necessary to make the said refrigerating system safe for the occupants of the premises; such notice shall state briefly the nature of the work required to be done and shall specify the time in which the said work shall be completed, which shall be fixed by the [chief inspector] *commissioner of buildings* upon consideration of the condition of such refrigerating system, or parts thereof and the danger to life or property which may result from its unsafe condition. Upon failure of such person to comply with the request set forth in such notice within the time fixed in such notice, the [chief inspector] *commissioner* is hereby authorized to order the system shut down and the refrigerant gas pumped from such system and to prohibit its further use until the aforesaid directions are complied with. Any expense or "outlay incurred by the [chief inspector] *commissioner* in shutting down such refrigerating system shall be a charge upon and be collected from the owner, lessee, or person controlling such system by legal proceedings prosecuted by the department of law:"

"85-75. When an inspection of a mechanical refrigerating system has been made, and the same has been approved by the [chief inspector of supervising mechanical engineer and chief deputy inspector of steam boilers and cooling plants,] *commissioner of buildings*, the said [inspector] *commissioner* shall make and deliver to the person for whom the inspection was made, upon the payment of the required fees, a certificate of inspection together with a general description of such apparatus stating for what purpose the appliances are to be used and the pressure in pounds at which they may be safely used. This certificate shall be framed and hung in a conspicuous place in the machinery room.

"It shall be unlawful for any person to use or operate any refrigerating system required to be inspected under the building provisions of this code until a certificate of inspection has been issued by the department [for the inspection of steam boilers, unfired pressure vessels, and cooling plants.] *of buildings*. It shall be unlawful for any person to use or operate any refrigerating system that has been repaired, reconditioned, or reconstructed until a certificate shall have been procured from the department [for the inspection of steam boilers, unfired pressure vessels, and cooling plants] *of buildings* to the effect that the said system is in such a condition that it can be safely used."

"85-77. It shall be the duty of the [chief inspector of steam boilers, unfired pressure vessels, and cooling plants,] *commissioner of buildings*, upon an application in writing, made by any person owning, leasing or controlling the use of any mechanical refrigerating system, stating that the same is out of repair or has been repaired, to examine the same when so repaired, and determine if such repairing has been properly done; and it shall be unlawful for any person to use any mechanical refrigerating system after the same has been repaired until a certificate shall have been procured from the [inspector] *commissioner* to the effect that such repairing has been properly done and that such boiler, unfired pressure vessel, or mechanical refrigerating system may be safely used."

No credit shall be allowed for any amount paid by such taxpayer unless it appears that he bore the burden of such amount and did not shift the burden thereof to another person, or unless it appears that he or his legal representative has unconditionally repaid such amount to a person who bore the burden thereof and has not shifted such burden directly or indirectly in any manner whosoever, or who, if he has shifted such burden, has repaid unconditionally such amount to the person to whom the burden of such amount was shifted, and who is not entitled to receive any reimbursement therefor in any other manner whatsoever.

B. Any credit or refund that is allowed under this Section shall bear interest at the rate of one-half of 1% per month, or any fraction thereof, from the date when the erroneous payment for which credit or refund is being allowed was made to the Department of Revenue, until a credit memorandum is issued or a refund is paid.

D. As soon as practicable after a claim for credit is filed, the Director of Revenue, or his designate, shall examine the same and determine the amount of credit due in a Notice of Tentative Determination of Claim and shall notify the claimant of such determination. In the event said determination is challenged, such claimant shall file a protest and challenge thereto within 20 days after receipt of Notice of Tentative Determination of Claim, and the Director of Revenue, or his designate, shall provide a hearing thereon within ten days after receipt of notice of protest for challenge, giving notice to the claimant of said hearing not less than five days prior thereto, setting forth the time and place fixed for such hearing. A final determination of claim shall be made as a result of said hearing not more than ten days after said hearing. In the event no protest or challenge to the Tentative Determination of Claim is filed within the 20 day period hereinabove set forth, said notice shall thereafter become and operate as a final determination.

E. The Director of Revenue may in his discretion issue a letter of credit to a taxpayer who may be able to use said credit in the foreseeable

future or a refund certificate in lieu of a credit memorandum or application by a person who cannot use said credit, or sell or assign the same to another taxpayer. C. If the Mayor, after hearing held by or for him, shall find that any person has wilfully evaded payment of the tax imposed by this Chapter, he may suspend or revoke all City licenses held by such tax evader. Said person shall be given an opportunity to be heard in such hearing, which shall be held not less than 5 days after notice of the time and place of the hearing to be held, addressed to him at his last known place of business. Pending notice, hearing and finding, any City license possessed by said person may, in the discretion of the Mayor, be temporarily suspended. Any suspension or revocation of any license shall not release or discharge said person from his civil liability for the payment of the tax, nor from prosecution for such offense.

200.1-10. Penalties and Remedies. Any person found guilty of violating, disobeying, omitting, neglecting, or refusing to comply with, or resisting or opposing the enforcement of any of the provisions of this Chapter, except when otherwise specifically provided, upon conviction thereof shall be punished by a fine of not less than Fifty Dollars ($50.00) nor more than Three Hundred Dollars ($300.00) for the first offense and not less than Two Hundred Dollars ($200.00) nor more than Five Hundred Dollars ($500.00) for the second and each subsequent offense in any 180-day period; provided, however, that all actions seeking the imposition of fines only shall be filed as quasi-criminal actions subject to the provisions of the Illinois Civil Practice Act (Ill. A separate and distinct offense shall be regarded as committed each day upon which each person shall continue any such violation, or permit any such violation to exist after notification thereof.

200.1-11. Severability. If any provision, clause, sentence, paragraph, section, or part of this Chapter, or application thereof to any person, firm, corporation, public agency or circumstance, shall, for any reason, be adjudged by a court of competent jurisdiction to be unconstitutional or invalid, said judgment shall not affect, impair or invalidate the remainder of this Chapter and the application of such provision to other persons, firms, corporations, public agencies or circumstances, but shall be confined in its operation to the provision, clause, sentence, paragraph, section, or part thereof directly involved in the controversy in which such judgment shall have been rendered and to the person, firm, corporation, public agency, or circumstances involved. It is hereby declared to be the legislative intent of the City Council that this Chapter would have been adopted had such unconstitutional or invalid provision, clause, sentence, paragraph, section, or part thereof not been included.

There is hereby imposed and shall immediately accrue and be collected a tax, as herein provided, upon the rental or leasing of any hotel accommodations in the City of Chicago on or after the first day of January, 1974, at the rate of two per cent (2%) of the gross rental or leasing charge.

200.2-3. The ultimate incidence of and liability for payment of said tax shall be borne by the lessee or tenant of any such hotel accommodations. The tax herein levied shall be in addition to any and all other taxes. It shall be the duty of every owner, manager or operator of hotel accommodations to secure said tax from the lessee or tenant of said hotel accommodations and pay over to the Department of Revenue said tax under rules and regulations prescribed by the Director of Revenue and as otherwise provided by this Chapter.

200.2-4. The tax herein levied shall be secured by the hotel owner, manager or operator from the lessee or tenant when collecting the price, charge or rent to which it applies. Every lessee or tenant shall be given a bill, invoice, receipt or other statement or memorandum of the price, charge or rent payable upon which the hotel accommodations tax shall be stated, charged and shown separately. The hotel accommodations tax shall be paid to the person required to collect it as trustee for and on behalf of the City of Chicago.

200.2-5. A. Every owner, manager, or operator of hotel accommodations within the City of Chicago shall file a sworn tax return on a monthly basis with the Department of Revenue showing tax receipts received with respect to hotel accommodation space rented or leased during the preceding monthly period, upon forms prescribed by the Director of Revenue. At the time of filing said tax return, the owner, manager or operator of hotel accommodations shall pay to the Department of Revenue all taxes due for the period to which the tax return applies.

B. If for any reason any tax is not paid when due, a penalty at the rate of two per cent (2%) per month on the amount of tax which remains unpaid shall be added and collected. Whenever any person shall fail to pay any tax as herein provided, upon the request of the Director of Revenue, the Corporation Counsel shall bring or cause to be brought an action to enforce the payment of said tax in behalf of the City of Chicago in any court of competent jurisdiction.

200.2-6. Every owner, manager or operator of hotel accommodations in the City of Chicago shall keep books and records showing the prices, rents or charges made or charged, and occupancies taxable under this ordinance. The Director of Revenue, or his designate, shall at all reasonable times have full access to said books and records.

200.2-7. If the Mayor, after hearing held by or for him, shall find that any person has wilfully avoided payment of the tax imposed by this Section, he may suspend or revoke all City licenses held by said tax evader. The owner, manager or operator of the hotel accommodations shall have an opportunity to be heard and such hearing to be held not less than five days after notice of the time and place of the hearing addressed to the owner, manager or operator at his last known place of business. The suspension or revocation of any license shall not release or discharge the owner, manager or operator of hotel accommodations from his civil liability for the payment of the tax nor for prosecution of such offense.

200.2-8. All proceeds resulting from the imposition of the tax under this Chapter, including penalties, shall be paid into the Treasury of the City of Chicago and shall be credited to and deposited in the corporate fund of the City.

200.2-9. Any person found guilty for violating, disobeying, omitting, neglecting, or refusing to comply with, or resisting or opposing the enforcement of any of the provisions of this Chapter, except when otherwise specifically provided, upon conviction thereof shall be punished by a fine of not less than Fifty Dollars ($50.00) nor more than Three Hundred Dollars ($300.00) for the first offense and not less than Two Hundred Dollars ($200.00) nor more than Five Hundred Dollars ($500.00) for the second and each subsequent offense in any 180-day period; provided, however, that all actions seeking the imposition of fines only shall be filed as quasi-criminal actions subject to the provisions of the Illinois Civil Practice Act (Ill. Rev. Stat. 1971, ch. 110, pars. 1 et seq.). Repeated offenses in excess of three within any 180-day period may also be punishable as a misdemeanor by incarceration in the county jail for a term not to exceed six months under the procedure set forth in Section 1-2-1.1 of the Illinois Municipal Code (Ill. Rev. Stat. 1971, ch. 24, par. 1-2-1.1) and under the provisions of the Illinois Code of Criminal Procedure (Ill. Rev. Stat. 1971, ch. 38, pars. 100-1, et seq.), in a separate proceeding. A separate and distinct offense shall be regarded as committed each day upon which each person shall

continue any such violation, or permit any such violation to exist after notification thereof.

200.2-10. If any provision, clause, sentence, paragraph, section, or part of this Chapter, or application thereof to any person, firm, corporation, public agency or circumstance, shall for any reason, be adjudged by a court of competent jurisdiction to be unconstitutional or invalid, said judgment shall not affect, impair or invalidate the remainder of this Chapter and the application of such provision to other persons, firms, corporations, public agencies or circumstances, but shall be confined in its operation to the provision, clause, sentence, paragraph, section, or part thereof directly involved in the controversy in which such judgment shall have been rendered and to the person, firm, corporation, public agency, or circumstances involved. It is hereby declared to be the legislative intent of the City Council that this Chapter would have been adopted had such unconstitutional or invalid provision, clause, sentence, paragraph, section, or part thereof not been included.
